

4. I state, under oath, that nearly every Motion, and Response, filed by the New General Motors in this case are riddled with intentional lies, and are so filled with intentional lies that no Court can make an honest, or just, decision relying on the New General Motors Motions, or Responses.
5. I state, under oath, that the New General Motors intentionally lied to this Court about the Quasi-Judicial Lemon Law Hearing in Florida in this case.
6. I state, under oath, that I am an eye witness to that hearing.
7. I state, under oath, that Attorneys for the New General Motors have intentionally violated the American Bar Association Model Rules of Professional Conduct for Attorneys with their intentional dishonesty, and Rule 11 violations, in this case.
8. I state, under oath, that the New General Motors is fully aware that the Florida Lemon Law Process found that my husband's GM Truck had a manufacturing defect in the motor that substantially impaired its intended use as transportation for our family, and that we are entitled to relief.
9. I state, under oath, that the New General Motors is fully aware that the Florida Lemon Law Process found that my husband's GM Truck had a manufacturing defect in the transmission that substantially impaired its intended use as transportation for our family, and that we are entitled to relief.
10. I state, under oath, that the New General Motors is fully aware that the Florida Lemon Law Process found that my husband's GM Truck had a manufacturing defect in the electrical that substantially impaired its intended use as transportation for our family, and that we are entitled to relief.

11. I state, under oath, that the New General Motors is fully aware that the Florida Lemon Law Process found that my husband's GM Truck is not safe, or fit to drive.

12. I state, under oath, that the New General Motors is fully aware that the Florida Lemon Law Process delayed relief solely due to General Motors paying a Sitel Corporation Employee to create a fraudulent letter falsely claiming that she was a General Motors Manager in Detroit, and to fraudulently claim that my husband served General Motors by regular mail instead of certified mail, a technical issue.

13. I state, under oath, that the New General Motors is fully aware that the Florida Lemon Law Process, because of the intentional perjury, and fraudulent letter by the Sitel Corporation Employee, gave General Motors a **LAST CHANCE** to repair the Defective Truck.

14. I state, under oath, that the New General Motors is fully aware that General Motors refused to abide by the last chance given to them and after nearly two years of waiting, while the non-running, defective, unsafe truck sat blocking his driveway my husband filed a Lemon Law Lawsuit, as authorized by Florida's Lemon Law Process, in Florida's State Court.

15. I state, under oath, that seeking review in Court is part of Florida's Lemon Law Process.

16. I state, under oath, that despite massive ongoing dishonesty, and **OBSTRUCTION** by General Motors, my husband obtained evidence that his NOTICE on General Motors was served by Certified mail and that General Motors had intentionally lied in the Lemon Law Process, with their paid FAKE manager, who was really a Sitel Corporation

I declare under penalty of perjury that the foregoing is true and correct.
