v.

Gm motors
Defendant

Jury Demand

Plaintiff's motion inquiring status of Litigation And,
contact information of Defendant's counsel of
Record And, copies of Any Pending orders by court

comes now, the plaintiff Paul minix, and respectfully moves this court from Texas seeking to settle the claim against Gm motors for selling plaintiff a 2009 chevy impala that had no air bags and almost killed minix in a July 10, 2014 auto accident.

minix originally filed the claim against Gm motors and, KIA Dealership in victoria Texas where the vehicle was purchased from but, somehow the case was consolidated with a class action in new york. minix has written numerous times the attorneys representing Gm and never heard nothing.

minix is presently in Texas prison and desires to settle this claim for \$20,000 plus another chevy impala. Gm was quick to sell me a defective vehicle that almost killed me, now they ignore me because I don't have a lawyer to push the issue.

minix request the courts intervention

Executed on november 19, 2016

Respectfully
Paul minix
