Case No. 09-50026

Dear Judge Martin Glenn:

I received a notice in the mail on May 31st 2019 with a deadline of June 5th 2019 to respond and honestly I am uncertain on how to respond. I know with this case it has been several years long, and I don't feel as a unsecured loss that it was treated properly although there were stocks and warrants issued it doesn't touch the expenses that myself personally had endured, along with others like myself.

From what I have been reading in this book that I received on May 31st, the rule 9019 is geared towards the secured lenders, which

yes they should receive as well if anything is to come of this case but I feel that individuals should be considered also.

I have in the past sent all pictures and proof of claim in, if I need to resend please let me know. I am responding in this manner as I wasn't sure on such short notice what/which forms to fill out if any and wanted to make sure my information was still with in the group case for follow up information on the case.

Thank you for all that you are doing.

I Cheryl Renee England filing as an Individual and from my understanding feel that the unsecured applicants should be taken into consideration just as much as the term/secured applicants, We have all endured expenses/loss in this ordeal.
