Hon. Robert E. Gerber  
U.S. Bankruptcy Court  
Southern District of New York  
One Bowling Green  
New York, New York 10004-1408

Dear Judge Gerber:

The proposal reorganization and bankruptcy of General Motors designed by Mr. Obama, Mr. Gettlefinger and Mr. Rattner is grossly unfair to creditors and certainly favors the federal government and the United Auto Workers. Virtually nothing is being given to the unsecured creditors (\$27.2 Billion debt outstanding) who initially provided the financing for General Motors corporate activities.

As an owner of General Motors debentures I urge you to consider the fairness of the proposal restructuring which certainly favors the United Auto Workers and provides virtually no benefit to existing creditors.

As the appointed judiciary official to oversee this important, large, bankruptcy proceeding I am sure that you can recognize that this is nothing more than a political pay-off to the UAW for their support of the current democratic administration and Congress.

Sincerely,

David S. Tucker, Jr
