**NOTICE OF FILING OF EXHIBITS OFFERED INTO  
EVIDENCE AT HEARING TO CONSIDER DEBTORS' MOTION  
PURSUANT TO 11 U.S.C. §§ 105, 363(b), (f), (k), AND (m), AND 365 AND FED. R.  
BANKR. P. 2002, 6004, AND 6006, TO APPROVE THE SALE PURSUANT TO  
THE AMENDED AND RESTATED MASTER SALE AND PURCHASE AGREEMENT**

PLEASE TAKE NOTICE that, in accordance with Rule 8007-1(a) of the Local Bankruptcy Rules for the Southern District of New York, Motors Liquidation Company, *et al.* (f/k/a General Motors Corporation, *et al.* “GM”) and its affiliated debtors, as debtors (collectively, the “Debtors”), have filed the documents set forth in the schedule below (the “Documents”) so that they appear on the Bankruptcy Court’s ECF system (with the exception of those Documents that have already been filed and appear on the Bankruptcy Court’s ECF system or are concurrently being filed under seal (each as noted below)). These Documents were

exhibits that were introduced into evidence at the hearing before the Bankruptcy Court on June 30, July 1, and July 2, 2009 to consider GM's motion to sell assets under 11 U.S.C. § 363, among other things.

Bond Purchase and Paying Agency Agreement

Entered into as of May 28, 1986 by and between

GENERAL MOTORS CORPORATION,

being a corporation duly organized with limited liability and existing under the laws of Delaware, whose principal offices are situated at 3044 West Grand Boulevard, Detroit, Michigan 48202 and 767 Fifth Avenue, New York, New York 10153 both United States of America,

(hereinafter called the "Corporation")

on the one part

and

CREDIT SUISSE,

being a corporation duly organized with limited liability and existing under the laws of the Confederation of Switzerland, whose registered office is situated at Paradeplatz 8, 8001 Zurich, Switzerland,

(hereinafter called "CREDIT SUISSE" or the "Bank")

on the other part,

whereunder the following agreement (the "Agreement") has been concluded:

I. SUBJECT

1. Pursuant to the resolution of its Board of Directors adopted on March 3, 1986 and May 15, 1986, the Corporation has resolved to issue bearer Bonds 1986ff denominated in Swiss francs ("SFr."), with interest thereon payable in United States dollars, in the aggregate face amount of SFr. 300,000,000 (three hundred million Swiss francs) (the "Bonds").
2. Subject to the terms and conditions of this Agreement, the Corporation agrees to issue and sell to CREDIT SUISSE and CREDIT SUISSE undertakes to purchase from the Corporation for public subscription in Switzerland the Bonds in the aggregate principal amount of SFr. 300,000,000 (three hundred million Swiss francs), at the price of 100%.
3. The net proceeds from the sale of the Bonds will be used for general corporate purposes of the Corporation.

II. TERMS OF THE BONDS

The terms of the Bonds (the "Terms of the Bonds"), which form an integral part of this Agreement, shall be stated in English on the reverse side of the definitive Bonds. English shall be the governing language for the understanding and interpretation of the Terms of the Bonds, which are the following:

1. Form and Denomination

The Bonds, which have not been and will not be registered under the Securities Act of 1933, as amended, of the United States of America, and may not at any time be converted into registered Bonds, shall be evidenced by bearer Bonds of Swiss francs 5,000 and 100,000 Face Amount each, the latter in particular for the collective safe-custody system. The term "Face Amount" as used herein with respect to the Bonds shall mean the amount denominated on the face of such Bonds in Swiss francs.

2. Interest

2.1 Interest Payments

- 2.1.1 The Bonds bear interest from June 25, 1986 (the "Payment Date") payable in legal currency of the United States of America ("US \$") annually in arrears on June 25, (the "Interest Payment Date"). For this purpose, the Bonds are furnished with annual interest coupons (the "Coupons") and talons (the "Talons") in accordance with

Section 2.1.3 of the Terms of the Bonds. The first Coupon will become due and payable on June 25, 1987.

- 2.1.2 The interest payable on the Bonds shall be calculated by applying the relevant per annum interest rate (determined in accordance with Section 2.2 of the Terms of the Bonds) to the appropriate Face Amount of the Bonds as converted into United States dollars at a fixed exchange rate of SFr. 1.8535/US\$1 (the "Fixed Exchange Rate"). Interest will be computed on the basis of a 360-day year consisting of twelve months of 30 calendar days each.
- 2.1.3 Each Bond will initially be furnished with a sheet of ten Coupons (the "Coupon Sheet") and a sheet of ten Talons (the "Talon Sheet"). After all the Coupons on a Coupon Sheet have matured, a replacement Coupon Sheet ("Replacement Coupon Sheet") with Coupons for the interest payments due in respect of the Bonds for the next succeeding 10 years will be issued against presentation of the Bond together with the appropriate Talon, and upon cancellation or surrender of such Talon, at the cost of the Corporation, in due course at the offices of the Paying Agents in Switzerland in accordance with Section 4.2 of the Terms of the Bonds. Upon presentation of the last of the Talons on a Talon Sheet, a replacement Talon Sheet ("Replacement Talon Sheet") with ten additional Talons, as well as a Replacement Coupon Sheet, will be issued at the cost of the Corporation, in due course, at the offices of the Paying Agents in Switzerland in accordance with Section 4.2 of the Terms of the Bonds. Talons which are presented without the corresponding Bond will not confer to the holder of such Talon any right to receive a new Coupon Sheet or a new Talon Sheet.

The Corporation may, subject to the prior approval of the Principal Paying Agent, substitute on each 10th anniversary of the Payment Date, the Bonds with Talons and Coupons with Bonds without Talons and Coupons, if at such date, the laws and the applicable regulations in the United States of America and in Switzerland permit and if payment of interest on bearer Bonds without coupons shall be standard in the Swiss market. In the event of such substitution the Principal Paying Agent shall, not less than 60 days prior to the date of substitution, publish a notice in accordance with Section 13 hereof, which shall specify the modalities of future payments of interest.

2.2 Interest Rate

- 2.2.1 The applicable interest rate for the first 10 years payable on the first ten Interest Payment Dates will be 7% p.a., which applied in accordance with Section

2.1.2 hereof will result in annual interest payments of US \$ 188.83 and US \$ 3,776.64 on the Face Amount of SFr. 5,000 and SFr. 100,000 respectively.

2.2.2 On each May 9th immediately prior to each 10-year anniversary of the Payment Date (the "Interest Adjustment Date"), the annual interest rate applicable for the next succeeding 10-year period (the "Adjusted Interest Rate") shall be determined by the Principal Paying Agent. If any such May 9th is not a Business Day then the appropriate Interest Adjustment Date shall be the Business Day immediately preceding such May 9th. The Adjusted Interest Rate shall be the arithmetic mean of the Yields of Comparable Maturity of U.S. Treasury Obligations on the 5 (five) Business Days immediately preceding the Interest Adjustment Date minus 0.5%, converted to an annual basis and rounded, if necessary, to the nearest 1/8%.

The term "Yields of Comparable Maturity U.S. Treasury Obligations", as used herein, shall mean the interest rates presently published by the Federal Reserve Board in the weekly statistical release designated as "H. 15 (519), Selected Interest Rates" opposite the caption "U.S. Government Securities - Treasury Constant Maturities" for a 10-year period, or in any successor or equivalent publication.

2.2.3 If, for any Interest Adjustment Date, no Yields of Comparable Maturity U.S. Treasury Obligations are available, the Adjusted Interest Rate shall be the arithmetic mean of the yields to maturity of the two most recent 10-year U.S. Treasury securities (which 10-year Treasury securities shall not be older than one year), weighted by the original size of the issue, based on the daily closing bid (or less frequently if daily quotations are not available) quoted by at least three recognized U.S. Government securities primary dealers selected by the Principal Paying Agent (hereinafter called "Dealers" or individually "Dealer"), on the 5 (five) Business Days immediately preceding the Interest Adjustment Date minus 0.5% converted to an annual basis and rounded, if necessary, to the nearest 1/8 %.

2.2.4 If, for any Interest Adjustment Date, no two 10-year U.S. Treasury securities not older than one year should be outstanding, the Adjusted Interest Rate shall be the arithmetic mean of the yields to maturity of any two U.S. Treasury securities (with a maturity of not less than 9 years nor greater than 11 years), weighted by original size of the issue, deemed to be the most representative securities actively traded by the respective Dealers, based on the daily closing bid (or less frequently if daily quotations are not available) quoted by at least three Dealers on the 5 (five) Business Days immediately preceding the Interest

Adjustment Date minus 0.5% converted to an annual basis and rounded, if necessary, to the nearest 1/8 %.

- 2.2.5 If, on any Interest Adjustment Date, the Principal Paying Agent determines that the Adjusted Interest Rate is not ascertainable through any one of the methods described in Sections 2.2.2, 2.2.3, and 2.2.4 of the Terms of the Bonds, the Corporation shall, on the Interest Payment Date following such Interest Adjustment Date, redeem the Bonds at 100% of their Face Amount in Swiss francs, in accordance with Section 3.1 of the Terms of the Bonds. The most recently applicable interest rate shall continue to be payable by the Corporation up to such redemption of the Bonds.
- 2.2.6 The terms "Business Day" or "Business Days" shall mean a day or days on which commercial banks are open for business (including dealings in foreign exchange) during the entire day both in Zurich and in New York City, provided, however, that for the purposes of determining the Adjusted Interest Rate, the terms "Business Day" or "Business Days" shall mean a day on which commercial banks are open for domestic business in New York City.
- 2.3 Publication of Adjusted Interest Rate  
The Principal Paying Agent shall have each Adjusted Interest Rate published in accordance with Section 13 of the Terms of the Bonds, and shall notify the Corporation of such Adjusted Interest Rate, as soon as possible after such Adjusted Interest Rate is determined.
3. Redemption and Purchase of Bonds
- 3.1 Mandatory Redemption  
The Corporation shall redeem the Bonds at 100% of their Face Amount in Swiss francs automatically and without any previous notice
- a) not later than 3 (three) Business Days after that date which is the earlier of:
- i) the date of the resolution of the general meeting of the shareholders of the Corporation to dissolve, liquidate or wind up the affairs of the Corporation, or
- ii) the date of any final judgment rendered by a court of competent jurisdiction ordering the dissolution, liquidation or winding up of the affairs of the Corporation;
- under immediate notification of the Principal Paying Agent by the Corporation upon the occurrence of either such event, or

- b) on the Interest Payment Date following any Interest Adjustment Date if, pursuant to Section 2.2.5 of the Terms of the Bonds, an adjusted Interest Rate has not been ascertainable.

3.2 Option of the Corporation to Redeem

- 3.2.1 On each 10th anniversary of the Payment Date, (each one being a "Redemption Date"), the first time as of June 25, 1996, the Corporation shall be entitled to redeem all, but not part of, the outstanding Bonds at 100% of their Face Amount in Swiss francs provided the Corporation has given the Principal Paying Agent notice of such redemption, such notice to be received by the Principal Paying Agent not later than two Business Days after the Interest Adjustment Date. If the Principal Paying Agent has not received such notice by such date, the Bonds may not be redeemed by the Corporation on such Redemption Date irrespective of whether such notice has been sent by the Corporation.

- 3.2.2 If, however, as a result of the exercise of the option of the Bondholders to cause the Corporation to redeem in accordance with Section 3.3 of the Terms of the Bonds below, less than 25 % of the initial aggregate principal amount of the Bonds would remain outstanding on and after a Redemption Date, the Corporation may, at its option, redeem the remaining balance, but not less, of such outstanding Bonds as of each Redemption Date at 100% of their Face Amount in Swiss francs. In case of any such exercise of its option to redeem, the Corporation shall give notice to the Principal Paying Agent of the Corporation's intent to exercise this option to redeem at least 8 (eight) Business Days prior to the applicable Redemption Date.

3.3 Option of the Bondholders to Cause the Corporation to Redeem

- 3.3.1 On each Redemption Date, each holder of a Bond (hereinafter collectively called "Bondholders" or individually a "Bondholder") may cause the Corporation to redeem such Bondholder's Bond, provided the Bondholder has given written notice of such redemption to the Principal Paying Agent at its head office by not later than the June 3rd immediately preceding such Redemption Date, or if such June 3rd is not a Business Day then on the Business Day immediately preceding such June 3rd, such notice to be accompanied by a written confirmation of a Paying Agent certifying that the Bond to be so redeemed has been deposited with the Paying Agent for that purpose. Without such confirmation the notice of redemption shall have no legal effect.

3.3.2 On such June 3rd (if not a Business Day, the immediately preceding Business Day) prior to the Redemption Date (the "Redemption Exchange Rate Determination Date"), the Principal Paying Agent shall determine the redemption exchange rate based on the offering SFr./US\$ exchange rate for large commercial transactions quoted by the Principal Paying Agent at 10 a.m. Swiss time (the "Redemption Exchange Rate"). If, on any Redemption Exchange Rate Determination Date, the Principal Paying Agent is for any reason not quoting a bid/offer price for SFr./US\$ exchange, the Redemption Exchange Rate shall be the offering SFr./US\$ exchange rate for large commercial transactions quoted by another major Swiss bank selected by the Principal Paying Agent.

3.3.3 In the event any of the Bonds are redeemed at the option of the Bondholders, the amount of principal payable to such Bondholders in Swiss francs shall be determined as follows:

- a) if, at the Redemption Exchange Rate Determination Date, the Redemption Exchange Rate is equal to or greater than the Fixed Exchange Rate (US\$1 is equal to or greater than SFr. 1.8535) the Bonds shall be redeemed at 100% of their Face Amount in Swiss francs.
- b) if, at the Redemption Exchange Rate Determination Date, the Redemption Exchange Rate is below the Fixed Exchange Rate (US\$1 is less than SFr. 1.8535) the Bonds shall be redeemed in Swiss francs in an amount calculated by the following formula:

$$\frac{\text{Face Amount} \times \text{Redemption Exchange Rate}}{\text{Fixed Exchange Rate}}$$

rounded up to the next SFr. 0.10.

3.4 Notice of Redemption

Upon receipt of all relevant notices given pursuant to Sections 3.1, 3.2 and 3.3 of the Terms of the Bonds either by the Corporation or by the Bondholders, the Principal Paying Agent shall immediately publish a notice of such redemption as provided in Section 13 of the Terms of the Bonds.

3.5 Presentation of Bonds for Redemption

The Bonds so redeemed under either Section 3.1, 3.2, 3.3 or 5.4 of the Terms of the Bonds shall cease to bear interest from the Redemption Date (unless the Corporation shall default in the payment of such Bonds). Each such Bond must be presented and surrendered for payment with all unmatured Coupons and Talons attached; the amount of any missing unmatured Coupons, as determined by the respective Paying Agent, will be deducted in Swiss francs from the amount due to the Bondholder at the exchange rate, as determined by the Principal Paying Agent, in effect as of such presentation and surrender, but such unmatured Coupons shall be paid upon subsequent presentation and surrender, at their face amount in US\$, provided such Coupons have not become unenforceable under Swiss law.

3.6 Purchase of Bonds

Nothing herein shall be deemed to prohibit the Corporation from acquiring any of the Bonds in the open market at any time, in private transactions or otherwise.

4. Payments

4.1 CREDIT SUISSE hereby is appointed as the initial Principal Paying Agent for the Bonds.

4.2 The Corporation undertakes to pay to the Principal Paying Agent, for the benefit of the Bondholders when due:

- a) principal (Face Amount or such amount as defined under Section 3.3.3 b), whichever is applicable) and premium (if any) of the Bonds in freely disposable legal currency of the Swiss Confederation,
- b) interest on the Bonds in freely disposable legal currency of the United States of America,
- c) any additional sums payable pursuant to Section 5 hereof in freely disposable legal currency of the United States of America or the Swiss Confederation, whichever is applicable,

without cost to the Bondholders, without any limitations and under all circumstances notwithstanding any transfer restrictions, regardless of any bilateral or multilateral payment or clearing agreement in existence between the United States of America and the Swiss Confederation, irrespective of the citizenship, nationality, residence or domicile of any of the Bondholders and without requiring any affidavit or the fulfillment of any formalities other than presentation and surrender of the Bonds and/or Coupons to which such payment relates.

The funds required for the payment of

- a) principal,
- b) premium (if any),
- c) interest and
- d) any additional sums payable pursuant to Section 5 hereof,

shall be made available to the Principal Paying Agent at its head office in Switzerland by the Corporation before each applicable Interest Payment Date and Redemption Date. The receipt of the funds by the Principal Paying Agent on behalf of the Bondholders shall release the Corporation from its obligations in respect of the payments due at the respective dates for principal, premium (if any), interest and additional sums payable pursuant to Section 5 of the Terms of the Bonds.

The Principal Paying Agent will arrange for payment of such funds as and when due to the holders of Bonds and Coupons. Bonds, Coupons and Talons may be presented and surrendered for payment or, as the case may be, exchanged for Replacement Coupon Sheets and Replacement Talon Sheets, at the offices in Switzerland of the following banks (the "Paying Agents"):

CREDIT SUISSE  
Swiss Volksbank  
Bank Leu Ltd.  
Members of the Groupement des Banquiers Prives Genevois  
A. Sarasin & Cie  
Private Bank and Trust Company  
Members of the Groupement de Banquiers Prives Zurichois  
Swiss Cantonalbanks  
Morgan Guaranty Trust Company of New York, Zurich Branch  
Allgemeine Aargauische Ersparniskasse  
Bank Hofmann Ltd  
Bankers Trust Ltd  
Clariden Bank  
Commerzbank (Switzerland) Ltd.  
Credit Lyonnais  
Dresdner Bank (Switzerland) Ltd  
Lloyds Bank Plc  
J. Henry Schroder Bank Ltd.

The Bondholders will be paid with respect to interest in accordance with Section 2, with respect to principal in accordance with Section 3 and in case of redemption pursuant to Section 5 hereof including the additional amounts mentioned therein.

- 4.3 If, at any time during the life of the Bonds the Principal Paying Agent shall wish to resign or be incapable, for any reason, of acting as Principal Paying Agent, or of acting as agent of the Bondholders as contemplated by the Terms of the Bonds, the Bondholders expressly agree that the Principal Paying Agent may be substituted as Principal Paying Agent by a decision of a majority of the then Paying Agents after consultation with the Corporation. Such majority decision shall be based upon the principal amount of the Bonds initially subscribed by such institutions. If the then Paying Agents shall fail to appoint any replacement of the Principal Paying Agent within 30 days of notice of such desire to resign or incapacity, then the Corporation shall appoint the replacement. In the event of any replacement of the Principal Paying Agent, all references to the Principal Paying Agent shall be deemed to refer to such replacement.

Each Paying Agent may resign or be substituted by the Corporation after consultation with the Principal Paying Agent. So long, however, as the Paying Agents shall satisfactorily perform their obligations hereunder, the Corporation undertakes not to appoint any other institution as Paying Agent. Only institutions which qualify under Swiss law to act as Paying Agents and which are of good standing may be appointed as such.

Notice of appointment of any substitute Principal Paying Agent or Paying Agent shall be published in accordance with Section 13 of the Terms of the Bonds.

- 4.4 If the due date of any amount of principal or interest in respect of any Bond is not a Business Day in the place where the relevant Bond or Coupon, as the case may be, is surrendered or presented for payment, then the holder thereof will not be entitled to payment of the amount due in such place until the next following Business Day in Switzerland and will not be entitled to any further interest or other payment in respect of any such delay.

- 4.5 Payments by the Paying Agents to the Bondholders of any amount payable in U.S. dollars will be made by a U.S. dollar check drawn on a bank in the United States or by transfer to a U.S. dollar account maintained by the payee with a Paying Agent.

All payments on the Bonds or Coupons including those pursuant to Section 5 of the Terms of the Bonds shall be made at any office of the Principal Paying Agent or any Paying Agent in Switzerland.

- 4.6 Payments will not be made pursuant to presentation to the Paying Agents of any Bond or Coupon, as the case may be, within the United States or the making of any other demand for payment in accordance with the Terms of the Bonds to any Paying Agent within the United States. Payments will also not be made by mail to an address in the United States or by transfer to an account maintained in the United States.

5. Taxation

- 5.1 All payments of interest and principal, plus premium (if any), shall be made without deduction of any taxes, imposts, penalties, duties, assessments or governmental charges of any kind or nature (hereinafter individually referred to as "Taxes"), present or future, which are required to be withheld at source (including, without limitation, back-up withholding) by the Corporation (or any Paying Agent in its capacity as such), and which are levied or imposed or to be levied or imposed by the United States of America, including its possessions and territories and areas subject to its jurisdiction (including the Commonwealth of Puerto Rico), or any political subdivision thereof (a "Taxing Jurisdiction").
- 5.2 In the event that any such Taxes should at any time be imposed or levied by any such Taxing Jurisdiction, the Corporation shall remit to the Principal Paying Agent for the account of the holders of any Bond or Coupon such additional amounts as may be necessary to ensure that after deduction of any such Taxes of a Taxing Jurisdiction, but before any deduction made in pursuance of Swiss law, every net payment of the principal, premium (if any), and interest on a Bond will not be less than the face amount of any Coupon and the principal amount of any Bond that may be due and owing at the time of payment thereof, plus premium (if any).

The Corporation's obligation to remit such additional amounts shall not be subject to the fulfilment of any disclosure or certification requirement with respect to the nationality, residence, status or identity of the recipient of the payment or the beneficial owner of the Bond and/or Coupons in question.

5.3 The foregoing provisions do not, however, exempt a holder of a Bond or Coupon from any Taxes imposed or levied in a Taxing Jurisdiction, and the Corporation shall not be obligated to remit funds and pay any additional amounts on account of such Taxes if the holder of the Bond or Coupon is subject to taxation in a Taxing Jurisdiction for reasons other than his ownership of such Bond or Coupon or receipt of principal, premium (if any) or interest in respect thereof, nor shall the Corporation be obligated to remit funds and pay additional amounts in the event any Taxes are imposed for or on account of one or more of the following:

- a) any Taxes which would not have been so imposed but for (i) the existence of any present or former connection between such holder (or fiduciary, settlor, beneficiary, member, or shareholder of, or holder of a power over, such holder if such holder is an estate, trust, partnership or corporation) and the United States, including, without limitation, such holder (or such fiduciary, settlor, beneficiary, member, shareholder or holder of a power) being or having been a citizen or resident or treated as a resident thereof or being or having been engaged in a trade or business therein or being or having been present therein or having or having had a permanent establishment therein, or (ii) such holder's present or former status as a personal holding company or foreign personal holding company or controlled foreign corporation for United States Federal income tax purposes, or corporation which accumulates earnings to avoid United States Federal income tax;
- b) any estate, inheritance, gift, sales, transfer, personal property or excise tax or any similar Taxes;
- c) any Taxes which are payable otherwise than by withholding from payments of principal of, premium, if any, or interest on such Bond;

- d) any Taxes imposed on interest received by a holder or beneficial owner of a Bond or Coupon who actually or constructively owns 10% or more of the total combined voting power of all classes of stock of the Corporation entitled to vote within the meaning of Section 871(h)(3) of the United States Internal Revenue Code (the "Code");
- e) any Taxes required to be withheld by any Paying Agent from any payment of principal of, premium, if any, or interest on any Bond, if such payment can be made without such withholding by at least one other Paying Agent;
- f) any combination of items a), b), c), d), or e);

nor will additional amounts be paid to any holder who is a fiduciary or partnership or other than the sole beneficial owner of the Bond or Coupon to the extent a settlor or beneficiary with respect to such fiduciary or member of such partnership or a beneficial owner of the Bond or Coupon would not have been entitled to payment of the additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of the Bond or Coupon.

5.4

If, at any time, the Corporation furnishes a written opinion of the Corporation's independent legal counsel of recognized standing to the Principal Paying Agent that the probability materially increases that (i) the Corporation either is, or on or before the next Interest Payment Date will be, required by law (including any regulation or rulings promulgated thereunder) of the United States or any political subdivision thereof or therein affecting taxation, or any final decision rendered in a court of competent jurisdiction of the United States (whether or not such ruling was issued or decision rendered with respect to the Corporation) to withhold at source any Taxes in respect of the interest and/or principal plus premium (if any) with respect to the Bonds which cannot be avoided by the use of any reasonable measures or (ii) the Corporation is, or on or before the next Interest Payment Date will be prohibited from performing or observing any of its obligations contained in this Section 5, then the Corporation may, on giving not less than 60 days' notice to the Principal Paying Agent, redeem the outstanding Bonds on any date thereafter in whole but not in part at the following percentages of the Face Amount:

102 %	in case of redemption on or after June 25, 1986 but prior to June 25, 1987
101 1/2 %	in case of redemption on or after June 25, 1987 but prior to June 25, 1988
101 %	in case of redemption on or after June 25, 1988 but prior to June 25, 1989
100 1/2 %	in case of redemption on or after June 25, 1989 but prior to June 25, 1990
100 %	in case of redemption on or after June 25, 1990

by making payments in Swiss francs in respect of the principal of and premium (if any) on the Bonds, plus, in each case the interest accrued in U.S. dollars until the Redemption Date.

The notice of such a redemption, which will include the date of such redemption and the applicable redemption price thereof, will thereafter be published by the Principal Paying Agent in the newspapers mentioned in Section 13 hereunder.

Prior to the publication of notice of redemption of the Bonds pursuant to this Section 5, the Corporation will deliver to the Principal Paying Agent a certificate (upon which the Principal Paying Agent may conclusively rely) stating that the Corporation is entitled to effect such redemption and setting forth in reasonable detail a statement of facts showing that the conditions precedent to the right of the Corporation to redeem the Bonds pursuant to this Section 5 have occurred.

The Bonds called for redemption cease to bear interest from the date fixed for such redemption. They must be presented for repayment, with all unmatured Coupons and the Talon attached; the amount of missing Coupons will be deducted (in accordance with Section 3.5) from the amount due for repayment, but such Coupons shall be paid upon subsequent presentation provided they have not become barred in accordance with Swiss law as specified in Section 10 hereof.

5.5 The interest on the Bonds is, in accordance with Swiss law at present in force, not subject to the Swiss Federal Anticipatory Tax.

6. Status of the Bonds and Negative Pledge

6.1 The Bonds, which constitute direct, unsecured and unconditional obligations of the Corporation, rank and will rank at least pari passu in right of payment in all other respects with all other present or future unsecured and unsubordinated obligations of the Corporation.

6.2 Limitations on Liens

So long as any of the Bonds shall be outstanding the Corporation will not, nor will it permit any Manufacturing Subsidiary to, issue or assume any Debt secured by a Mortgage upon any Principal Domestic Manufacturing Property of the Corporation or any Manufacturing Subsidiary or upon any shares of stock or indebtedness of any Manufacturing Subsidiary (whether such Principal Domestic Manufacturing Property, shares of stock or indebtedness are now owned or hereafter acquired) without in any such case effectively providing concurrently with the issuance or assumption of any such Debt that the Bonds (together with, if the Corporation shall so determine, any other indebtedness of the Corporation or such Manufacturing Subsidiary ranking equally with the Bonds and then existing or thereafter created) shall be secured equally and ratably with such Debt, unless the aggregate amount of Debt issued or assumed and so secured by Mortgages, together with all other Debt of the Corporation and its Manufacturing Subsidiaries which (if originally issued or assumed at such time) would otherwise be subject to the foregoing restrictions, but not including Debt permitted to be secured under clauses (i) through (vi) of the immediately following paragraph, does not at the time exceed 20% of the stockholders' equity of the Corporation and its consolidated affiliates, as determined in accordance with generally accepted accounting principles and shown on the audited consolidated balance sheet contained in the latest published annual report to the stockholders of the Corporation.

The above restrictions shall not apply to Debt secured by (i) Mortgages on property, shares of stock or indebtedness of any corporation existing at the time such corporation becomes a Manufacturing Subsidiary; (ii) Mortgages on property existing at the time of acquisition of such property by the Corporation or a Manufacturing Subsidiary, or Mortgages to secure the payment of all or any part of the purchase price of such property upon the acquisition of such property by the Corporation or a Manufacturing Subsidiary or to secure any Debt incurred prior to, at the time of, or within 180 days after, the later of the date of acquisition of such property and the date such property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Mortgages to secure any Debt incurred for the purpose of financing the cost to the Corporation or a Manufacturing Subsidiary of improvements to such acquired property; (iii) Mortgages securing Debt of a Manufacturing Subsidiary owing to the Corporation or to another Subsidiary; (iv) Mortgages on property of a corporation existing at the time such corporation is merged or consolidated with the

Corporation or a Manufacturing Subsidiary or at the time of a sale, lease or other disposition of the properties of a corporation as an entirety or substantially as an entirety to the Corporation or a Manufacturing Subsidiary; (v) Mortgages on property of the Corporation or a Manufacturing Subsidiary in favor of the United States of America or any State thereof, or any department, agency or instrumentality or political subdivision of the United States of America or any State thereof, or in favor of any other country, or any political subdivision thereof, to secure partial, progress, advance or other payments pursuant to any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such Mortgages; or (vi) any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Mortgage referred to in the foregoing clauses (i) to (v), inclusively; provided, however, that the principal amount of Debt secured thereby shall not exceed by more than 115% the principal amount of Debt so secured at the time of such extension, renewal or replacement and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the Mortgage so extended, renewed or replaced (plus improvements on such property).

6.3 Limitation on Sale and Lease-Back

So long as any of the Bonds shall be outstanding, the Corporation will not, nor will it permit any Manufacturing Subsidiary to, enter into any arrangement with any person providing for the leasing by the Corporation or any Manufacturing Subsidiary of any Principal Domestic Manufacturing Property owned by the Corporation or any Manufacturing Subsidiary on the date that the Bonds are originally issued under the Indenture (except for temporary leases for a term of not more than five years and except for leases between the Corporation and a Manufacturing Subsidiary or between Manufacturing Subsidiaries), which property has been or is to be sold or transferred by the Corporation or such Manufacturing Subsidiary to such person, unless either (i) the Corporation or such a Manufacturing Subsidiary would be entitled, pursuant to the provisions of the covenant on limitation on liens described above, to issue, assume, extend, renew or replace Debt secured by a Mortgage upon such property equal in amount to the Attributable Debt in respect of such arrangement without equally and ratably securing the Bonds provided, however, that from and after the date on which such arrangement becomes effective the Attributable Debt in respect of such arrangement shall be deemed for all purposes under the covenant on limitation on liens

described above and this covenant on limitation on sale and lease-back to be Debt subject to the provisions of the covenant on limitation on liens described above (which provisions include the exceptions set forth in clauses (i) through (vi) of such covenant), or (ii) the Corporation shall apply an amount in cash equal to the Attributable Debt in respect of such arrangement to the retirement (other than any mandatory retirement or by way of payment at maturity), within 180 days of the effective date of any such arrangement, of Debt of the Corporation or any Manufacturing Subsidiary (other than Debt owned by the Corporation or any Manufacturing Subsidiary) which by its terms matures at or is extendible or renewable at the option of the obligor to a date more than twelve months after the date of the creation of such Debt.

6.4 Definitions

For purposes of this Section 6, the following definitions will be applicable:

- i) "Attributable Debt" means, at the time of determination as to any lease, the present value (discounted at the actual rate, if stated, or, if no rate is stated, the implicit rate of interest of such lease transaction as determined by the chairman, president, any vice chairman, any vice president, the treasurer or any assistant treasurer of the Corporation), calculated using the interval of scheduled rental payments under such lease, of the obligation of the lessee for net rental payments during the remaining term of such lease (excluding any subsequent renewal or other extension options held by the lessee). The term "net rental payments" means, with respect to any lease for any period, the sum of the rental and other payments required to be paid in such period by the lessee thereunder, but not including, however, any amounts required to be paid by such lessee (whether or not designated as rental or additional rental) on account of maintenance and repairs, insurance, taxes, assessments, water rates, indemnities or similar charges required to be paid by such lessee thereunder or any amounts required to be paid by such lessee thereunder contingent upon the amount of sales, earnings or profits or of maintenance and repairs, insurance, taxes, assessments, water rates, indemnities or similar charges; provided, however, that, in the case of any lease which is terminable by the lessee upon the payment of a penalty in an amount which is less than the total discounted net rental payments required to be paid from the later of the first date upon which such lease may be so terminated and the date of the determination of net rental payments, "net rental payments" shall include the then-current amount of such penalty from the later of such two dates, and shall exclude the rental payments relating to the remaining period of the lease commencing with the later of such two dates.

- ii) "Debt" means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.
  
- iii) "Manufacturing Subsidiary" means any Subsidiary (A) substantially all the property of which is located within the continental United States of America, (B) which owns a Principal Domestic Manufacturing Property and (C) in which the Corporation's investment, direct or indirect and whether in the form of equity, debt, advances or otherwise, is in excess of \$2,500,000,000 as shown on the books of the Corporation as of the end of the fiscal year immediately preceding the date of determination; provided, however, that "Manufacturing Subsidiary" shall not include Electronic Data Systems Corporation and its Subsidiaries, GM Hughes Electronics Corporation and its Subsidiaries, General Motors Acceptance Corporation and its Subsidiaries (or any corporate successor of any of them) or any other Subsidiary which is principally engaged in leasing or in financing instalment receivables or otherwise providing financial or insurance services to the Corporation or others or which is principally engaged in financing the Corporation's operations outside the continental United States of America.
  
- iv) "Mortgage" means any mortgage, pledge, lien, security interest, conditional sale or other title retention agreement or other similar encumbrance.
  
- v) "Principal Domestic Manufacturing Property" means any manufacturing plant or facility owned by the Corporation or any Manufacturing Subsidiary which is located within the continental United States of America and, in the opinion of the Board of Directors, is of material importance to the total business conducted by the Corporation and its consolidated affiliates as an entity.
  
- vi) "Subsidiary" means any corporation of which at least a majority of the outstanding stock having by the terms thereof ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether or not at the time stock of any other class or classes of such corporation shall have or might have voting power by reason of the happening of any contingency) is at the time owned by the Corporation, or by one or more Subsidiaries, or by the Corporation and one or more Subsidiaries.

7. Events of Default

The Principal Paying Agent has the right but not the obligation, on behalf of the Bondholders, to declare all outstanding Bonds to be immediately due and payable at 100 % of their Face Amount in Swiss francs plus accrued interest in US\$ to the date of such payment if one or more of the following events (herein referred to as "Events of Default") shall have occurred and be continuing:

- a) default in the payment of any interest upon or Additional Amounts with respect to any of the Bonds, as and when the same shall become due and payable, and such default shall have continued for a period of 30 days; or
- b) default in the payment of the principal of the Bonds as and when the same shall become due and payable either at maturity, upon redemption, by declaration or otherwise; or
- c) failure on the part of the Corporation duly to observe or perform any other of the covenants or agreements on the part of the Corporation contained in the Bonds for a period of 30 days after the date on which written notice of such failure, requiring the Corporation to remedy the same, shall have been given to the Corporation by the Principal Paying Agent; or
- d) if a court having jurisdiction in the premises shall enter a decree or order for relief in respect of the Corporation in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or other similar official) of the Corporation or for any substantial part of its property, or ordering the winding up or liquidation of its affairs and such decree or order shall remain unstayed and in effect for a period of 60 consecutive days; or
- e) if the Corporation shall commence a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or

shall consent to the entry of an order for relief in an involuntary case under any such law, or shall consent to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Corporation or for any substantial part of its property, or shall make any general assignment for the benefit of creditors, or shall fail generally to pay its debt as they become due, or shall take any corporate action in furtherance of any of the foregoing;

then and in each and every such case, unless the principal of this Bond shall have already become due and payable, this Bond shall, at the option of and upon written notice to the Corporation by the Principal Paying Agent on behalf of the Bondholders, mature and become due and payable upon the date that such written notice is received by the Corporation unless prior to such date all Events of Default in respect of all the Bonds shall have been cured.

8. Liquidation, Sale, Merger or Reorganization

In case of

- i) liquidation, sale or transfer of all or substantially all of the assets of the Corporation or merger in which the Corporation is not the surviving company, unless the succeeding company assumes all obligations of the Corporation,
- ii) reorganization of the Corporation involving a substantial transfer of its assets, unless in the opinion of the Principal Paying Agent such reorganization includes adequate protection of the Bondholders,

the Principal Paying Agent has the right, but not the obligation, notwithstanding the provisions of Section 7 heretofore, to declare on behalf of the Bondholders all outstanding Bonds, plus accrued interest, to be due and payable in advance at 100% of their Face Amount in Swiss francs 30 days after receipt of a written notice addressed to the Corporation by the Principal Paying Agent.

9. Replacement of Corporation

Should the Corporation wish to be replaced by a non-Swiss directly or indirectly majority-owned subsidiary company of the Corporation assuming all obligations of the Corporation hereunder at a later date as the direct debtor of these Bonds by means other than those permitted by Section 8 above, the Corporation shall request prior written approval to such an action from the Principal Paying Agent on behalf of the Bondholders. Such an approval shall not be withheld if, in the opinion of the Principal Paying Agent, the interest of the Bondholders are satisfactorily protected, also, but not limited to (i) their tax status and (ii) with respect to their ability to enforce their rights and take legal action in the jurisdiction of the new debtor. In the event of such substitution, all rights and duties pertaining to the Corporation shall be applicable to the debtor replacing the Corporation, and all costs in this connection shall be borne by the Corporation.

10. Statute of Limitations

By virtue of the Statute of Limitations of present Swiss law, Coupons shall become barred after a period of five years and the Bonds after a period of ten years, calculated from their respective due dates.

11. Replacement of Bonds, Coupons and Talons

Bonds with Talons, Talon Sheets or Coupon Sheets which are defaced, mutilated, stolen, lost or destroyed may be replaced at the head office of the Principal Paying Agent on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Corporation and the Principal Paying Agent may require and, in the case of mutilation, upon surrender of the Bond with Talons, Talon Sheet or Coupon Sheet.

12. Listing

The Corporation will use its best endeavors to have the Bonds listed on the Stock Exchanges of Zurich, Basle, Geneva, Berne and Lausanne and to maintain such listings during the whole life of the Bonds.

13. Notices

All notices to the Bondholders regarding the Bonds shall be deemed to have been validly given if published in the Feuille Officielle Suisse du Commerce and in a daily newspaper in Zurich, Basle, Geneva, Berne and Lausanne.

14. Governing Law and Jurisdiction

The terms, conditions and form of the Bonds, the Coupons and the Talons, the English version of which shall prevail, shall be subject to and governed by Swiss law. Any dispute which might arise between Bondholders on the one hand and the Corporation on the other hand regarding the Bonds, the Coupons and/or the Talons shall be settled in accordance with Swiss law and falls within the jurisdiction of the Ordinary Courts of the Canton of Zurich, the place of jurisdiction being Zurich 1, with the right of appeal to the Swiss Federal Court of Justice in Lausanne, where the law permits. Only for that purpose and only for the purpose of enforcement in Switzerland, the Corporation elects legal and special domicile at the Principal Paying Agent's head office in Switzerland, which agrees forthwith to notify the Corporation of any communication received under this Article.

The above-mentioned jurisdiction is also valid for the declaration of cancellation of the Bonds with Talons, Talon Sheets and Coupon Sheets. The Corporation shall be discharged by and to the extent of any payment made to a holder of a Bond, Coupon or Talon recognized as a creditor by an enforceable judgment of a Swiss court.

The holders of Bonds, Coupons or Talons are also at liberty to enforce their rights and to bring any legal action against the Corporation before any competent court of the United States of America, in which case Swiss law shall be applicable.

15. Judgment Currency

15.1 If a judgment or order is rendered against the Corporation by a court or a tribunal of any jurisdiction for the payment of any amount owing to the holder of a Bond or any Coupon thereof under such Bond or under a judgment or order of a court or tribunal of any other jurisdiction in respect thereof, any such judgment or order being expressed in a currency other than Swiss francs (the "Judgment Currency"), the Corporation shall indemnify and hold such holder harmless against any loss arising or resulting from any variation in rates of exchange as between the Judgment Currency and Swiss francs, occurring between (i) the date as of which any amount expressed in Swiss francs is converted, for the purpose of any such judgment or order, into an equivalent amount in the Judgment Currency and (ii) the date or dates of discharge of such amount (or part thereof) or of such first mentioned judgment or order (or part thereof) as appropriate; provided, however, that if the result of any such variation in rates of exchange is to give rise to a surplus, the Corporation shall be entitled thereto.

- 15.2 This indemnity shall constitute a separate and independent obligation from the other obligations contained herein, shall give rise to a separate and independent cause of action and shall apply irrespective of any indulgence granted by a holder of a Bond or Coupon or by the Principal Paying Agent on behalf of any such holder from time to time and shall continue in full force and effect notwithstanding any judgment or order for a liquidated sum or sums in respect of amounts due hereunder or under any such judgment or order. Any such loss or damage aforesaid shall be deemed to constitute a loss suffered by the holder of a Bond or Coupon and no further proof or evidence of any actual loss shall be required by the Corporation.

### III. SYNDICATION

A banking syndicate composed of the following institutions (the "Banking Syndicate") shall be formed in order to offer the Bonds for public subscription in Switzerland:

CREDIT SUISSE  
Swiss Volksbank  
Bank Leu Ltd.  
Members of the Groupement des Banquiers Prives Genevois  
A. Sarasin & Cie  
Private Bank and Trust Company  
Members of the Groupement de Banquiers Prives Zurichois  
Swiss Cantonalbanks  
Morgan Guaranty (Switzerland) Ltd.  
Salomon Brothers Finanz AG  
Allgemeine Aargauische Ersparniskasse  
Bank Hofmann Ltd  
Bankers Trust Ltd  
Clariden Bank  
Commerzbank (Switzerland) Ltd.  
Credit Lyonnais Finanz AG Zurich  
Dresdner Bank (Switzerland) Ltd  
Lloyds Bank Plc  
Mitsui Trust Finance (Switzerland) Ltd.  
J. Henry Schroder Bank Ltd.  
Sumitomo Trust Finance (Switzerland) Ltd.

CREDIT SUISSE will act on behalf of the Banking Syndicate with regard to the execution and implementation of this Agreement.

The period of public subscription (the "Subscription Period") shall end on May 23, 1986.

IV. SALES RESTRICTIONS

1. The Bonds have not been and will not be registered under the Securities Act of 1933, as amended, of the United States of America or the securities laws of any state of the United States.

2. Credit Suisse represents, for itself and shall require each member of the Banking Syndicate to represent that, during the period of public subscription of the Bonds, it

- has not offered, sold or delivered
- is not purchasing
- will not offer, sell or deliver

directly or indirectly, as principal or as agent, any of the Bonds in the United States or to, or for the account of, any US Person. The definitions of "United States" and "US Person" are set out in footnotes (1) and (2) to the form of Advice Notice set out below.

3. Credit Suisse also agrees to deliver during the subscription period to each of its purchasers of Bonds acquired by it pursuant to this Agreement a written notice substantially in the following form:

"Advice Notice"

These Bonds have not been and will not be registered under the Securities Act of 1933, as amended, of the United States (the "Act"). The Bonds may not be offered, sold or delivered, directly or indirectly, in the United States (1) or to United States Persons (2). Any offer, sale, or delivery of the Bonds, directly or indirectly, in the United States or to United States Persons may constitute a violation of United States laws unless such offer, sale or delivery is either registered pursuant to, or is exempt from registration under, said Act.

By accepting this allotment you confirm that:

- a) you are not a United States Person;
- b) you have not purchased any of the Bonds directly or indirectly for the account of a United States Person; and
- c) you have not made and, during the period of public subscription, you will not make, directly or indirectly, any offers, sales or deliveries of the Bonds in the United States or to United States Persons.

If you are a Bank or a securities dealer you hereby confirm that you will send an Advice Notice in the form set out herein to each acceptor of an allotment of the Bonds from you.

Definitions:

- (1) "United States" means the United States of America, its territories, its possessions and other areas subject to its jurisdiction, including the Commonwealth of Puerto Rico.
  - (2) "United States Person" means a citizen, national or resident of the United States, a corporation, partnership or other entity created or organized in or under the laws of the United States and an estate or trust the income of which is subject to United States Federal income taxation regardless of its source.
4. Credit Suisse agrees to require the members of the Banking Syndicate to agree to the same commitments which are made by it in this Article IV for the benefit of the Corporation.
  5. The Global Certificate, Bonds and Coupons shall bear a statement to the effect that any US Person holding a Bond or Coupon will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287 (a) of the Internal Revenue Code of 1954, as amended.

V. COMMISSIONS, TAXES AND EXPENSES

1. The Corporation shall pay to CREDIT SUISSE
  - a) an underwriting commission of 3% on the aggregate Face Amount of the Bonds;
  - b) a management fee of 1/2% on SFr. 100,000,000, 1/4% on SFr. 100,000,000 and 1/8% on SFr. 100,000,000;
  - c) out-of-pocket expenses of SFr. 125,000.
  
2. In addition, the Corporation shall bear the following taxes and charges in relation to the Bond issue:
  - a) On the underwriting of the Bonds:

The Swiss Tax on Negotiation of Securities	0.3 %
The Cantonal Tax	0.01 %
The Stock Exchange Contribution	<u>0.005%</u>
<u>Total</u>	0.315%

calculated on the proceeds of the Bonds net of underwriting commission, management fee and out-of-pocket expenses;
  - b) The expenses incurred for the printing of the Bonds, Talons, Coupons, Coupon Sheets, Talon Sheets, Replacement Coupon Sheets and Replacement Talon Sheets as well as for their delivery to the various Swiss destinations;
  - c) The expenses incurred in connection with the publication of all notices regarding the Bonds, Coupons and Talons;
  - d) The expenses incurred in connection with the admission and quotation of the Bonds, during their whole life, on the Stock Exchanges of Zurich, Basle, Geneva, Berne and Lausanne; and
  - e) The paying agency fees described in Article XI of this Agreement.
  
3. The Swiss Tax on Negotiation of Securities of 0.3% on the placement of the Bonds at the time of the Bond issue will be borne by the subscribers to the Bonds.
  
4. CREDIT SUISSE shall bear all other issue expenses, such as the expenses for the printing of the prospectus as well as for announcing the public offering, except any costs and fees the Corporation may incur in connection with the preparation of the documents described in Article VII hereof.

5. Commissions, expenses and taxes referred to in Sections 1.a), 1.b), 1.c), and 2.a) under this Article V will be deducted from the proceeds of the Bonds, whereas the other expenses are payable when ascertainable and due.

#### VI. PAYMENTS TO THE CORPORATION

1. On June 25, 1986, CREDIT SUISSE shall pay to the Corporation the amount of SFr. 289,086,500.-- (two hundred eighty nine million eighty six thousand five hundred Swiss francs) being the proceeds of the issue price after deducting the commission expenses and taxes referred to in Article V, Sections 1.a), 1.b), 1.c), and 2.a) (the "Net Proceeds").
2. CREDIT SUISSE will effect payment of the Net Proceeds by crediting a non-interest bearing Swiss franc account in the name of the Corporation and shall be entrusted with any foreign exchange transaction related to the disposition of the Funds. Upon the deposit of the Net Proceeds to the account of the Corporation, the Global Certificate shall be released from escrow in accordance with Article VII e) hereof.
3. On the Payment Date, the Net Proceeds shall be at the free disposal of the Corporation subject to any prevailing Swiss National Bank regulation.

#### VII. CONDITIONS

The Corporation undertakes to supply CREDIT SUISSE with information and documentation required by CREDIT SUISSE for the preparation of the prospectus relating to this Bond issue.

Such prospectus will contain information regarding the purpose of the Bond issue and the economic and financial situation of the Corporation. The prospectus shall be reviewed by CREDIT SUISSE for compliance with Swiss law and the rules of the Stock Exchanges on which the Bonds are to be listed (the "Stock Exchanges") regarding the issue of public Bonds.

The obligation of CREDIT SUISSE to make payment for the Bonds pursuant to Article VI of this Agreement is subject to the condition precedent that CREDIT SUISSE shall have received in respect of the Bonds on or before the Payment Date the following documents, each dated on or before the Payment Date and in form and substance satisfactory to CREDIT SUISSE:

- a) certified copy of the resolution of the Board of Directors of the Corporation granting the authorities referred to in Article VIII, Section 1.e);
- b) copies of the Certificate of Incorporation and By-Laws of the Corporation certified by the Secretary or Assistant Secretary of the Corporation;
- c) Certificate of Incumbency with respect to the officer(s) and Powers of Attorney conferring the necessary authority upon the person(s) signing this Agreement and any related document on their behalf and certifying the specimen signatures of such person(s);
- d) certified copies of the consents and approvals referred to in Article VIII, Section 1.d), if applicable;
- e) The Global Certificate as per Annex A to be held in escrow on behalf of the Corporation by CREDIT SUISSE until payment of the Net Proceeds on the Payment Date;
- f) Certificate of good standing of the Corporation as of a recent date issued by the Superintendent of Banks of the State of New York;
- g) legal opinion from legal counsel for the Corporation on the law of the United States;
- h) an opinion of the United States Tax Counsel to the Corporation with respect to the status of the Bonds in respect of United States taxes;

in English or with a certified English translation, together with

- i) specimen signatures for the printing of the Bonds; and
- j) ten copies of the prospectus signed by an authorized officer of the Corporation.

#### VIII. WARRANTIES

1. The Corporation represents and warrants as follows:
  - a) Prospectus: The information relating to the Corporation contained in the prospectus in the English language is accurate in all material respects and does i) not contain any untrue statement of a material fact or ii) omit to state any material fact necessary to make the statements contained therein not misleading;

- b) Accounts: The financial statements contained in the prospectus present fairly the results and financial position of the Corporation for the periods and as of the dates thereof, all in conformity with generally accepted accounting principles in the United States;
- c) No Material Adverse Change: Since December 31, 1985, there has been no material adverse change in the conditions of the Corporation and its subsidiaries taken as a whole;
- d) Consents and Approvals: No consents and approvals of the governmental authorities of the United States are required for the execution of this Agreement for the issue of the Bonds and for the performance of the terms thereof;
- e) Authorization: The execution of this Agreement, the issue of the Bonds and the performance of the obligations assumed thereunder have been duly authorized by the Corporation;
- f) No Default: There exists no event of default and no event or act has occurred which, with the giving of notice or the lapse of time or both, would constitute an event of default under Article II, Section 7 of this Agreement; and
- g) Litigation: Except as set forth or contemplated in the Prospectus, there are no actions, suits or proceedings pending or threatened against or affecting the Corporation or any of its subsidiaries before any court, administrative officer, agency or authority which either individually or collectively are material in the context of the issue and sale of the Bonds or the making and performance of this Agreement; and
- h) Obligations Binding; Non-Violations of Laws etc: This Agreement constitutes, and the Bonds when duly executed and delivered will constitute, a valid and binding obligation of the Corporation and is within the power of the Corporation and the execution and delivery of this Agreement and the performance of its terms by the Corporation will not violate any laws or regulations of any governmental or regulatory body of the United States of America currently in effect and are not contrary to the Certificate of Incorporation of the Corporation and will not result in any breach of the terms of, or constitute a default under, any deed, agreement, mortgage or other instrument to which the Corporation is a party or by which its property is bound or for which the Corporation is a guarantor.

2. The commitment of CREDIT SUISSE and the Banking Syndicate to subscribe to the Bonds is being made on the basis of the aforesaid warranties. The Corporation hereby undertakes with CREDIT SUISSE and the Banking Syndicate that it will indemnify CREDIT SUISSE and each member of the Banking Syndicate against all losses, liabilities, costs, charges and expenses, which it may incur as a result of or in relation to any material breach of said warranties by the Corporation, provided that the Corporation shall be given prompt notice of any claim, action or proceeding which might give rise to an obligation under this Article VIII, Section 2. and shall be entitled to assume the defense and/or settlement of such claim, action or proceeding.

IX. LISTING AND COVENANTS

- 1.1 The Corporation has authorized CREDIT SUISSE to apply on its behalf for the listing of the Bonds on the Stock Exchanges mentioned in Article II, Section 12 of this Agreement. In connection with such application, the Corporation agrees to furnish to CREDIT SUISSE all necessary documents and information.
- 1.2 So long as any of the Bonds are outstanding, the Corporation shall:
- a) comply with rules and regulations of such Stock Exchanges;
  - b) pay the periodic listing fees and expenses;
  - c) send one copy of each annual report or other documents required to:
    1. Kantonales Boersenkommissariat  
Bleicherweg 5  
CH-8001 Zurich/Switzerland
    2. Effektenboersenverein Zuerich  
Bleicherweg 5  
CH-8001 Zurich/Switzerland
    3. Vorstand der Boersenkammer  
des Kantons Basel-Stadt  
Sekretariat  
Freie Strasse 3  
CH-4002 Basle/Switzerland

4. Comite de la Bourse de Lausanne  
Secrtaire administratif  
Banque Cantonale Vaudoise  
CH-1002 Lausanne/Switzerland

5. Chambre de la Bourse de Geneve  
Case postale 228  
CH-1211 Geneva 11/Switzerland

6. Berner Boersenverein  
Aarberggasse 30  
CH-3011 Bern/Switzerland

- d) send sufficient copies of its annual report including its annual balance sheet and profit and loss account (consolidated) together with a copy of the report of the independent auditors, to CREDIT SUISSE not later than 120 days after the end of the Corporation's fiscal year;
- e) send to CREDIT SUISSE as soon as available any financial or other information distributed to the shareholders of the Corporation which is made public in the United States; and
- f) give notice in writing to CREDIT SUISSE of any event of default under Article II, Section 7 hereof forthwith upon becoming aware thereof and without waiting for CREDIT SUISSE to take any of the actions mentioned herein.

X. PRINTING OF THE BONDS

- 1. The Corporation irrevocably authorizes and directs CREDIT SUISSE to provide on the Corporation's behalf and at the costs of the Corporation, in due course, for the printing and delivery of the Bonds, Coupons, Talons, Coupon Sheets, Talon Sheets as well as of the replacement of Coupon Sheets and Talon Sheets as provided in the Terms of the Bonds. The Bonds shall be printed in English in accordance with the rules and regulations of the Association of Swiss Stock Exchanges, shall be dated June 25, 1986, and shall bear the facsimile signatures deposited with CREDIT SUISSE in accordance with Article VII (i) hereof. The Bonds, Coupons and Talons, shall be substantially in the form of Annex B, Annex C and Annex D respectively hereto.
- 2. The Corporation shall issue a Global Certificate for the aggregate principal amount of the Bonds (the "Global Certificate"), substantially in the form of Annex A hereto, and deliver it to CREDIT SUISSE as provided in Article VII e). CREDIT SUISSE will hold the Global Certificate on behalf of the Bondholders until delivery of the Bonds which shall take place not earlier than

August 25, 1986. On or after August 25, 1986, upon receipt of the Bonds, CREDIT SUISSE shall surrender the Global Certificate to the Corporation and deliver the definitive Bonds to the persons entitled thereto. Until August 25, 1986, no Bonds shall be delivered in definitive form.

XI. PAYING AGENCY

1. The Corporation hereby appoints CREDIT SUISSE as its initial Principal Paying Agent and the other banks of the Banking Syndicate mentioned in Article II, section 4.2 as paying agents (the "Paying Agents", which expression shall also include CREDIT SUISSE):
2. The Corporation undertakes to transfer to the Principal Paying Agent at its head office in Switzerland, not later than one (1) Business Day prior to each date when any payments become due under the Bonds (a "Due Date") the funds required for the payment of principal of, premium (if any) and interest on the Bonds plus the following paying agency fees:  
  
0.75% on the amount of Coupons paid, payable in US\$,  
and  
0.30% on the amount of the Bonds payable in Swiss francs  
  
net of any costs, transfer taxes or other charges.  
Payment from the Corporation to the Principal Paying Agent shall be made to such accounts of the Principal Paying Agent as will be indicated by the Principal Paying Agent by telex or in writing, such advice to be received by the Corporation not less than 5 (five) Business Days prior to each Due Date.
3. In case foreign exchange operations are involved in connection with the transfer of funds for the payment of interest or principal including premium (if any), with respect to the Bonds, the Corporation shall request an offer from CREDIT SUISSE, Zurich. The Corporation shall make use of such an offer, provided the rate is competitive and agreeable to the Corporation.
4. The Principal Paying Agent shall credit the funds received to separate US\$ and/or SFr. non-interest-bearing accounts. The receipt by the Principal Paying Agent of the due and punctual payment of the funds shall release the Corporation from its obligations under the Global Certificate or the definitive Bonds for the interest, principal premium (if any), or any additional amounts under Section 5.2 of the Terms of the Bonds and, for the paying agency fees to the extent of such payment. The risk of any transfer shall be borne by the Corporation.

Unclaimed funds shall be credited to the Corporation after the respective Statute of Limitation periods. The risk of any transfer with respect to the unclaimed funds, including the risk of exchange, shall be borne by the Corporation.

5. The Principal Paying Agent shall convert any sums deducted in Swiss francs in respect of missing unmatured Coupons pursuant to Section 3.4 and Section 5 of the Terms of the Bonds, in case of redemption of the Bonds, into U.S. dollars at the then applicable exchange rate and hold the corresponding U.S. dollar amounts in a non-interest-bearing U.S. dollar account. The account shall be mutatis mutandis, subject to the conditions stated on the preceding Section 4.
6. The Principal Paying Agent shall cancel Bonds, Coupons and Talons redeemed, paid or exchanged, destroy them or have them destroyed whenever it deems it to be expedient, and submit to the Corporation from time to time or upon its request a list of Bonds, Coupons or Talons destroyed (together with the serial numbers of Bonds). All expenses in connection with the cancellation and destruction shall be borne by the Corporation.

The Principal Paying Agent reserves the right to record cashed Coupons and exchanged Talons as well as redeemed Bonds on video tape or other data carriers.

7. The Corporation shall not appoint, except as provided in Article II Section 4.3, paying agents in addition to those listed in Article II, Section 4, or pay any agency commissions to such other banks. On the other hand, the Principal Paying Agent may, at its discretion, appoint other subagents for the payment of principal of, premium (if any) and interest on the Bonds.
8. The Corporation shall indemnify the Paying Agents against any loss, liability, cost, claim, action, demand or expense incurred or made against them, other than those based upon or arising out of the negligence or wilful misconduct on the part of any of the Paying Agents or any of their employees or agents, in connection with their acting as Paying Agents, or their exercising or refraining from exercising any of the rights and obligations conferred upon them as Paying Agents, under the terms of this Agreement.
9. As soon as possible after having received notice from Bondholders of the exercise of their option to cause the Corporation to redeem Bonds pursuant to Section 3.3 of the Terms of the Bonds, and in any event no later than the close of business in New York on the Redemption Exchange Rate Determination Date, the Principal Paying Agent shall notify the Corporation of such notice and the aggregate Face Amount of the Bonds to be so redeemed.

XII. RIGHT OF TERMINATION

CREDIT SUISSE reserves the right to withdraw from this Agreement at any time prior to the Payment Date:

- a) if there shall have been any material adverse change affecting the business or properties of the Corporation and its subsidiaries taken as a whole, or if events should hereafter occur in the United States of America, in Switzerland or elsewhere in the world of a political, economic or monetary character, any of which, in the opinion of CREDIT SUISSE, would be such as to materially jeopardize the success of the public issue of the Bonds, or
- b) if the Corporation fails to perform any of its obligations under this Agreement in any material respect, or
- c) if any of the representations and warranties made by the Corporation in the Agreement or of the Corporation should prove to have been incorrect in any material respect when made.

Any such decision of withdrawal by CREDIT SUISSE shall be final and binding upon the Corporation. Should CREDIT SUISSE decide to withdraw from this Agreement, it shall notify the Corporation forthwith by telex, followed by registered letter. In the event of such withdrawal, each party hereto shall pay the expenses incurred by it in connection with this Bond issue.

XIII. COMMUNICATIONS

All communications to the Corporation regarding the Bond issue shall be transmitted by CREDIT SUISSE by telex or cable confirmed in writing to:

General Motors Corporation  
767 Fifth Avenue  
New York, New York 10153  
Attention: The Treasurer  
Telex No. 126 955 GM Treasury NY

All communications to CREDIT SUISSE, individually and as representative of the Banking Syndicate, regarding the Bond issue shall be transmitted by the Corporation by telex or cable to and received by:

CREDIT SUISSE  
Department S2  
P.O. Box 590  
CH-8021 Zurich, Switzerland  
Telex No. 813512

XIV. PROVISIO

This Agreement is subject to the approval of the Bond issue by the Swiss National Bank and the Swiss Federal Authorities in Berne.

CREDIT SUISSE undertakes to use its best endeavors to obtain without delay the approvals referred to in this Article XIV.

XV. GOVERNING LAW AND JURISDICTION

The terms of this Agreement, its construction and interpretation shall be governed by Swiss law. Any dispute which might arise between CREDIT SUISSE, the members of the Banking Syndicate or the Bondholders on the one hand and the Corporation on the other hand regarding this Agreement shall fall within the jurisdiction of the Ordinary Courts of the Canton of Zurich, the place of jurisdiction being Zurich 1, with the right of appeal to the Swiss Federal Court of Justice in Lausanne, where the law permits.

For that purpose and only for the purpose of execution in Switzerland, the Corporation elects legal and special domicile at CREDIT SUISSE, Zurich, which shall forthwith notify the Corporation of any communication received under this Article.

CREDIT SUISSE, the members of the Banking Syndicate and the Bondholders shall also be at liberty to enforce their rights and to take legal action before the competent Courts of the United States in which case Swiss law shall be applicable with respect to the construction and interpretation of this Agreement.

GLOBAL CERTIFICATE

THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED, AND MAY NOT BE OFFERED OR SOLD, DIRECTLY OR INDIRECTLY, IN THE UNITED STATES OF AMERICA, ITS TERRITORIES, ITS POSSESSIONS OR OTHER AREAS SUBJECT TO ITS JURISDICTION, INCLUDING THE COMMONWEALTH OF PUERTO RICO ("UNITED STATES"), OR TO OR FOR THE ACCOUNT OF ANY CITIZEN, NATIONAL OR RESIDENT THEREOF, A CORPORATION, PARTNERSHIP OR OTHER ENTITY CREATED OR ORGANIZED IN OR UNDER THE LAWS OF THE UNITED STATES OR AN ESTATE OR TRUST THE INCOME OF WHICH IS SUBJECT TO UNITED STATES FEDERAL INCOME TAXATION REGARDLESS OF ITS SOURCE.

This Global Certificate is issued in accordance with the Bond Purchase and Paying Agency Agreement between General Motors Corporation on one part and Credit Suisse on the other part dated as of May 28, 1986 (the "Agreement").

General Motors Corporation promises to pay to CREDIT SUISSE, Zurich ("CREDIT SUISSE") on behalf of the persons entitled to own Bonds, Coupons and Talons the amount of three hundred million Swiss francs (SFr. 300,000,000) and interest in U.S. dollars at the rate as determined in accordance with the Terms of the Bonds and the Agreement.

THIS GLOBAL CERTIFICATE is subject to Swiss Law and issued in accordance with the Terms of the Bonds and the Agreement, without Coupons for interest and is exchangeable against Bonds in accordance with Article X, Section 2. of Agreement. Until so exchanged CREDIT SUISSE holds this Global Certificate on behalf of the persons entitled to hold Bonds, Coupons and Talons.

This Global Certificate shall be exchanged as soon as the Bonds are printed.

as of June 25, 1986

## **NADA Statement on GM's Revised Participation Agreement**

McLean, Va. (June 8, 2009) -- The National Automobile Dealers Association (NADA) has reviewed and supports GM's amendments to the Participation Letter Agreement. We're especially pleased that GM moved so quickly to meet with NADA and the GM National Dealer Council on such short notice to review and to discuss the serious concerns that dealers had with the original agreement.

"I especially commend GM for its flexibility and its willingness to make substantive clarifications and modifications to address dealer concerns. We believe GM has made a very good faith effort, given the unprecedented circumstances facing GM and the industry," said NADA chairman John McEleney.

While NADA is not in a position to formally endorse the Participation Agreement, we believe the revised document addresses the majority of dealer concerns.

Annual Report on Form 10-K for the year ended December 31, 2007, filed on February 28, 2008

Canadian Export Antitrust Class Actions

Approximately eighty purported class actions on behalf of all purchasers of new motor vehicles in the United States since January 1, 2001, have been filed in various state and federal courts against General Motors Corporation, General Motors of Canada Limited (GM Canada), Ford, Chrysler, Toyota Corporation (Toyota), Honda, Nissan, and BMW and their Canadian affiliates, the National Automobile Dealers Association, and the Canadian Automobile Dealers Association. The federal court actions have been consolidated for coordinated pretrial proceedings under the caption In re New Market Vehicle Canadian Export Antitrust Litigation Cases in the U.S. District Court for the District of Maine, and the more than 30 California cases have been consolidated in the California Superior Court in San Francisco County under the case captions Belch v. Toyota Corporation, et al. and Bell v. General Motors Corporation.

The nearly identical complaints alleged that the defendant manufacturers, aided by the association defendants, conspired among themselves and with their dealers to prevent the sale to U.S. citizens of vehicles produced for the Canadian market and sold by dealers in Canada. The complaints alleged that new vehicle prices in Canada are 10% to 30% lower than those in the United States, and that preventing the sale of these vehicles to U.S. citizens resulted in the payment of higher than competitive prices by U.S. consumers. The complaints, as amended, sought injunctive relief under U.S. antitrust law and treble damages under U.S. and state antitrust laws, but did not specify damages. The complaints further alleged unjust enrichment and violations of state unfair trade practices act. On March 5, 2004, the U.S. District Court for the District of Maine issued a decision holding that the purported indirect purchaser classes failed to state a claim for damages but allowed a separate claim seeking to enjoin future alleged violations to continue. The U.S. District Court for the District of Maine on March 10, 2006 certified a nationwide class of buyers and lessees under Federal Rule 23(b)(2) solely for injunctive relief, and on March 21, 2007 stated that it would certify 20 separate statewide class actions for damages under various state law theories under Federal Rule 23(b)(3), covering the period from January 1, 2001 to April 30, 2003. On October 3, 2007, the U.S. Court of Appeals for the First Circuit heard oral arguments on our consolidated appeal of the both class certification orders.

-----  
On September 25, 2007, a claim was filed in Ontario Superior Court of Justice on behalf of a purported class of actual and intended purchasers of vehicles in Canada claiming that a similar alleged conspiracy was now preventing lower-cost U.S. vehicles from being sold to Canadians. No determination has been made that the case may be maintained as a class action, and it is not possible to determine the likelihood of liability or reasonably ascertain the amount of any damages.

#### Health Care Litigation -- 2007 Agreement

On September 27, 2007, the UAW and eight putative class representatives filed a class action, UAW, et al. v. General Motors Corporation, in the U.S. District Court for the Eastern District of Michigan on behalf of hourly retirees, spouses and dependents, seeking to enjoin us from making unilateral changes to hourly retiree healthcare coverage upon termination of the UAW Health Care Agreement in 2011. Plaintiffs claim that hourly retiree healthcare benefits are vested and cannot be modified, and that our announced intention to make changes violates the federal Labor Relations Management Act of 1947 and ERISA. Although we believe that we may lawfully change retiree healthcare benefits, we have entered into the Settlement Agreement with the UAW which contemplates creation of an independent VEBA trust into which we will transfer significant funding, which thereafter would be solely responsible for establishing and funding a new benefit plan that would provide healthcare benefits for hourly retirees, spouses and dependents.

#### General Motors Securities Litigation

On September 19, 2005, Folksam Asset Management filed Folksam Asset Management, et al. v. General Motors Corporation, et al., a purported class action complaint in the U.S. District Court for the Southern District of New York naming as defendants GM, GMAC, and our Chairman and Chief Executive Officer G. Richard Wagoner, Jr., former Vice Chairman and Chief Financial Officer John Devine, Treasurer Walter Borst, and former Chief Accounting Officer Peter Bible. Plaintiffs purported to bring the claim on behalf of purchasers of our debt and/or equity securities during the period February 25, 2002 through March 16, 2005. The complaint alleges that all defendants violated Section 10(b) and that the individual defendants also violated Section 20(a) of the Exchange Act. The complaint also alleged violations by all defendants of Section 11 and Section 12(a) and by the individual defendants of Section 15 of the Securities Act of 1933, as amended (Securities Act), in connection with certain registered debt offerings during the class period. In particular, the complaint alleged that our cash flows during the class period were overstated based on the "reclassification" of certain cash items described in our Annual Report on Form 10-K for the year ended December 31, 2004. The

-----  
reclassification involved cash flows relating to the financing of GMAC wholesale receivables from dealers that resulted in no net cash receipts and our decision to revise the Consolidated Statements of Cash Flows for the years ended December 31, 2002 and 2003. The complaint also alleged misrepresentations relating to forward-looking statements of our 2005 earnings forecast which was later revised significantly downward. In October 2005, a similar suit, Galliani, et al. v. General Motor Corporation, et al., which asserted claims under the Exchange Act based on substantially the same factual allegations, was filed and subsequently consolidated with the Folksam case. The consolidated suit was recaptioned as In re General Motors Corporation Securities Litigation. Under the terms of the GMAC Transaction, we are indemnifying GMAC in connection with these cases.

On November 18, 2005, plaintiffs in the Folksam case filed an amended complaint, which added several additional investors as plaintiffs, extended the end of the class period to November 9, 2005 and named as additional defendants three current and one former member of GM's audit committee, as well as our independent registered public accountants, Deloitte & Touche LLP. In addition to the claims asserted in the original complaint, the amended complaint added a claim against Mr. Wagoner and Mr. Devine for rescission of their bonuses and incentive compensation during the class period. It also included further allegations regarding our accounting for pension obligations, restatement of income for 2001 and financial results for the first and second quarters of 2005. Neither the original complaint nor the amended complaint specified the amount of damages sought, and we have no means to estimate damages the plaintiffs will seek based upon the limited information available in the complaint. The court's provisional designations of lead plaintiff and lead counsel on January 17, 2006 were made final on February 6, 2006. Plaintiffs subsequently filed a second amended complaint, which added various underwriters as defendants.

Plaintiffs filed a third amended securities complaint in In re General Motors Corporation Securities and Derivative Litigation on August 15, 2006. (As explained below, certain shareholder derivative cases were consolidated with In re General Motors Corporation Securities Litigation for coordinated or consolidated pretrial proceedings and the caption was modified). The amended complaint in the GM securities litigation did not include claims against the underwriters previously named as defendants, alleged a proposed class period of April 13, 2000 through March 20, 2006, did not include the previously asserted claim for the rescission of incentive compensation against Mr. Wagoner and Mr. Devine and contained additional factual allegations regarding our restatements of financial information filed with our reports to the SEC for the years 2000 through 2005. On October 13, 2006, the GM defendants filed a motion to dismiss the amended complaint in the GM securities litigation, which remains pending. On December 14, 2006, plaintiffs filed a motion for leave to file a fourth amended complaint in the event the Court grants the GM defendants' motion to dismiss. The GM defendants have opposed the motion for leave to file a fourth amended complaint.

-----  
Shareholder Derivative Suits

On November 10, 2005, Albert Stein filed a purported shareholder derivative action, Stein v. Bowles, et al., in the U.S. District Court for the Eastern District of Michigan, ostensibly on behalf of the Corporation, against the members of our Board of Directors at that time. The complaint alleged that defendants breached their fiduciary duties of due care, loyalty and good faith by, among other things, causing GM to overstate our income (as reflected in our restatement of 2001 earnings and second quarter 2005 earnings) and exposing us to potential damages in SEC investigations and investor lawsuits. The suit sought damages based on defendants' alleged breaches and an order requiring defendants to indemnify us for any future litigation losses. Plaintiffs claimed that the demand on our Board to bring suit itself (ordinarily a prerequisite to suit under Delaware law) was excused because it would be "futile." The complaint did not specify the amount of damages sought, and defendants have no means to estimate damages the plaintiffs will seek based upon the limited information available in the complaint.

On December 15, 2005, Henry Gluckstern filed a purported shareholder derivative action, Gluckstern v. Wagoner, et al., in the U.S. District Court for the Eastern District of Michigan, ostensibly on behalf of the Corporation, against our Board of Directors. This suit was substantially identical to Stein v. Bowles, et al. Also on December 15, 2005, John Orr filed a substantially identical purported shareholder derivative action, Orr v. Wagoner, et al., in the U.S. District Court for the Eastern District of Michigan, ostensibly on behalf of the Corporation, against our Board of Directors.

On December 2, 2005, Sharon Bouth filed a similar purported shareholder derivative action, Bouth v. Barnevik, et al., in the Circuit Court of Wayne County, Michigan, ostensibly on behalf of the Corporation, against the members of our Board of Directors and a GM officer not on the Board. The complaint alleged that defendants breached their fiduciary duties of due care, loyalty and good faith by, among other things, causing us to overstate our earnings and cash flow and improperly account for certain transactions and exposing us to potential damages in SEC investigations and investor lawsuits. The suit sought damages based on defendants' alleged breaches and an order requiring defendants to indemnify us for any future litigation losses. Plaintiffs claimed that demand on our Board was excused because it would be "futile." The complaint did not specify the amount of damages sought, and defendants have no means to estimate damages the plaintiffs will seek based upon the limited information available in the complaint.

-----  
On December 16, 2005, Robin Salisbury filed an action in the Circuit Court of Wayne County, Michigan, Salisbury v. Barnevik, et al., substantially identical to the Bouth case described above. The Salisbury and Bouth cases have been consolidated and plaintiffs have stated they intend to file an amended consolidated complaint. The directors and the non-director officer named in these cases have not yet filed their responses to the Bouth and Salisbury complaints. On July 21, 2006, the Court stayed the proceedings in Bouth and Salisbury. The Court subsequently continued the stay until mid-April 2008. Plaintiffs filed amended complaints in In re General Motors Corporation Securities and Derivative Litigation on August 15, 2006. The amended complaint in the shareholder derivative litigation alleged that our Board of Directors breached its fiduciary obligations by failing to oversee our operations properly and prevent alleged improprieties in connection with our accounting with regard to cash flows, pension-related liabilities and supplier credits. The defendants filed a motion to dismiss the amended complaint. On November 9, 2006, the Court granted the plaintiffs leave to file a second consolidated and amended derivative complaint, which adds allegations concerning recent changes to our bylaws and the resignation of a director from our Board of Directors. The defendants have filed a motion to dismiss plaintiffs' second consolidated and amended derivative complaint.

Consolidation of Securities and Shareholder Derivative Actions in the Eastern District of Michigan

On December 13, 2005, defendants in In re General Motors Corporation Securities Litigation (previously Folksam Asset Management v. General Motors Corporation, et al. and Galliani v. General Motors Corporation, et al.) and Stein v. Bowles, et al. filed a Motion with the Judicial Panel on Multidistrict Litigation to transfer and consolidate these cases for pretrial proceedings in the U.S. District Court for the Eastern District of Michigan.

On January 5, 2006, defendants submitted to the Judicial Panel on Multidistrict Litigation an Amended Motion seeking to add to their original Motion the Rosen, Gluckstern and Orr cases for consolidated pretrial proceedings in the U.S. District Court for the Eastern District of Michigan. On April 17, 2006, the Judicial Panel on Multidistrict Litigation entered an order transferring In re General Motors Corporation Securities Litigation to the U.S. District Court for the Eastern District of Michigan for coordinated or consolidated pretrial proceedings with Stein v. Bowles, et al.; Rosen, et al. v. General Motors Corp., et al.; Gluckstern v. Wagoner, et al. and Orr v. Wagoner, et al. (While the motion was pending, plaintiffs voluntarily dismissed Rosen.) In October 2007, the U.S. District Court for the Eastern District of Michigan appointed a special master for the purpose of facilitating settlement negotiations in the consolidated case, now captioned In re General Motors Corporation Securities and Derivative Litigation.

-----  
GMAC Bondholder Class Actions

On November 29, 2005, Stanley Zielezienski filed a purported class action, Zielezienski, et al. v. General Motors Corporation, et al. The action was filed in the Circuit Court for Palm Beach County, Florida, against GM, GMAC, our Chairman and Chief Executive Officer G. Richard Wagoner, Jr., GMAC's Chairman Eric A. Feldstein and certain GM and GMAC officers, namely, William F. Muir, Linda K. Zukauckas, Richard J.S. Clout, John E. Gibson, W. Allen Reed, Walter G. Borst, John M. Devine and Gary L. Cowger. The action also named certain underwriters of GMAC debt securities as defendants. The complaint alleged that all defendants violated Section 11 of the Securities Act, that we violated Section 15 and that all defendants except us violated Section 12(a)(2) of the Securities Act. In particular, the complaint alleged material misrepresentations in certain GMAC financial statements incorporated by reference with GMAC's Registration Statement on Form S-3 and Prospectus filed in 2003. More specifically, the complaint alleged material misrepresentations in connection with the offering for sale of GMAC SmartNotes in certain GMAC financial statements contained in GMAC's Forms 10-Q for the quarterly periods ended March 31, 2004 and June 30, 2004 and in the Form 8-K which disclosed financial results for the quarterly period ended September 30, 2004, which were materially false and misleading as evidenced by GMAC's 2005 restatement of these quarterly results. In December 2005, plaintiff filed an amended complaint making substantially the same allegations as were in the previous filing with respect to additional debt securities issued by GMAC during the period from April 23, 2004 to March 14, 2005 and adding approximately 60 additional underwriters as defendants. The complaint did not specify the amount of damages sought, and defendants have no means to estimate damages the plaintiffs will seek based upon the limited information available in the complaint. On January 6, 2006, the defendants named in the original complaint removed this case to the U.S. District Court for the Southern District of Florida, and on April 3, 2006, that court transferred the case to the U.S. District Court for the Eastern District of Michigan.

On December 28, 2005, J&R Marketing, SEP, filed a purported class action, J&R Marketing, et al. v. General Motors Corporation, et al. The action was filed in the Circuit Court for Wayne County, Michigan, against GM, GMAC, Eric Feldstein, William F. Muir, Linda K. Zukauckas, Richard J.S. Clout, John E. Gibson, W. Allen Reed, Walter G. Borst, John M. Devine, Gary L. Cowger, G. Richard Wagoner, Jr. and several underwriters of GMAC debt securities. Similar to the original complaint filed in the Zielezienski case described above, the complaint alleged claims under Sections 11, 12(a), and 15 of the Securities Act based on

-----  
alleged material misrepresentations or omissions in the registration statements for GMAC SmartNotes purchased between September 30, 2003 and March 16, 2005. The complaint alleged inadequate disclosure of our financial condition and performance as well as issues arising from GMAC's 2005 restatement of quarterly results for the three quarters ended September 30, 2005. The complaint did not specify the amount of damages sought, and defendants have no means to estimate damages the plaintiffs will seek based upon the limited information available in the complaint. On January 13, 2006, defendants removed this case to the U.S. District Court for the Eastern District of Michigan.

On February 17, 2006, Alex Mager filed a purported class action, Mager v. General Motors Corporation, et al. The action was filed in the U.S. District Court for the Eastern District of Michigan and was substantively identical to the J&R Marketing case described above. On February 24, 2006, J&R Marketing filed a motion to consolidate the Mager case with its case (discussed above) and for appointment as lead plaintiff and the appointment of lead counsel. On March 8, 2006, the court entered an order consolidating the two cases and subsequently consolidated those cases with the Zielezienski case described above. Lead plaintiffs' counsel has been appointed, and on July 28, 2006, plaintiffs filed a Consolidated Amended Complaint, differing mainly from the initial complaints by asserting claims for GMAC debt securities purchased during a different time period, of July 28, 2003 through November 9, 2005, and adding additional underwriter defendants. On August 28, 2006, the underwriter defendants were dismissed without prejudice. On September 25, 2006, the GM and GMAC defendants filed a motion to dismiss the amended complaint, and on February 27, 2007, the District Court issued an opinion granting defendants' motion to dismiss, and dismissing plaintiffs' complaint. Plaintiffs have appealed this order, and oral argument on plaintiffs' appeal was held on February 7, 2008. Under the terms of the GMAC Transaction, we are indemnifying GMAC in connection with these cases.

The securities and shareholder derivative cases described above are in preliminary phases. No determination has been made that the securities cases can be maintained as class actions or that the shareholder derivative actions can proceed without making a demand in accordance with Delaware law that our board bring the actions. As a result, the scope of the actions and whether they will be permitted to proceed is uncertain.

-----  
ERISA Class Actions

In May 2005, the U.S. District Court for the Eastern District of Michigan consolidated three related purported class actions brought under ERISA against us and other named defendants who are alleged to be fiduciaries of the stock purchase programs and personal savings plans for our salaried and hourly employees, under the case caption In re General Motors ERISA Litigation. In June 2007, plaintiffs filed a consolidated class action complaint against us, the Investment Funds Committee of our Board of Directors, its individual members, our Chairman and Chief Executive Officer, members of our Employee Benefits Committee during the putative class period, General Motors Investment Management Co. (GMIMCo) and State Street Bank (State Street). The complaint alleged that the GM defendants breached their fiduciary duties to plan participants by, among other things, investing their assets, or offering them the option of investing, in GM stock on the ground that it was not a prudent investment. Plaintiffs purport to bring these claims on behalf of all persons who were participants in or beneficiaries of the plans from March 18, 1999 to the present, and seek to recover losses allegedly suffered by the plans. The complaint did not specify the amount of damages sought, and we have no means at this time to estimate damages that the plaintiffs will seek. On July 17, 2006, plaintiffs amended their complaint principally to add allegations about our restatement of a previously issued income statement and the reclassification of certain cash flows. The amended complaint did not name any additional defendants or assert any new claims. In August 2006, the GM defendants filed a motion to dismiss the amended complaint, which was granted in part and denied in part in August 2007. In February 2007, plaintiffs filed a motion for class certification, which is pending. In October 2007, the parties reached a tentative settlement, which received preliminary court approval on January 30, 2008. The district court has set a fairness hearing on the tentative settlement for June 5, 2008. The tentative settlement provides, among other key terms, that we will pay \$37.5 million in cash, which includes attorney fees and costs for the plaintiffs. In addition, we will agree to maintain various existing structural changes to ERISA plans for our salaried and hourly employees for at least four years.

GMIMCo is one of numerous defendants in several purported class action lawsuits filed in March and April 2005 in the U.S. District Court for the Eastern District of Michigan, alleging violations of ERISA with respect to the Delphi company stock plans for salaried and hourly employees. The cases have been consolidated under the case caption In re Delphi ERISA Litigation in the Eastern District of Michigan for coordinated pretrial proceedings with other Delphi stockholder lawsuits in which GMIMCo is not named as a defendant. The complaints essentially allege that GMIMCo, a named fiduciary of the Delphi plans, breached its fiduciary duties under ERISA to plan participants by allowing them to invest in the Delphi Common Stock Fund when it was imprudent to do so, by failing to monitor State Street, the entity appointed by GMIMCo to serve as investment manager for the Delphi Common Stock Fund, and by knowingly participating in, enabling or failing to remedy breaches of fiduciary duty by other defendants. No determination has been

-----  
made that a class action can be maintained against GMIMCo, and there have been no decisions on the merits of the claims. Delphi has reached a settlement of these cases that, if implemented, would provide for dismissal of all claims against GMIMCo related to this litigation without payment by GMIMCo. That settlement has been approved by both the District Judge in the Eastern District of Michigan and the Bankruptcy Judge in the Southern District of New York presiding over Delphi's bankruptcy proceeding. However, implementation of the settlement remains conditioned upon i) the resolution of a pending appeal of the District Court's approval and ii) the implementation of Delphi's plan of reorganization approved by the Bankruptcy Court. Accordingly, the disposition of the case remains uncertain, and it is not possible to determine whether liability is probable or the amount of damages, if any.

On March 8, 2007, a purported class action lawsuit was filed in the U.S. District Court for the Southern District of New York captioned Young, et al. v. General Motors Investment Management Corporation, et al. The case, brought by four plaintiffs who are alleged to be participants in the General Motors Savings-Stock Purchase Program for Salaried Employees and the General Motors Personal Savings Plan for Hourly-Rate Employees, purports to bring claims on behalf of all participants in these two plans as well as participants in the General Motors Income Security Plan for Hourly-Rate Employees and the Saturn Individual Savings Plan for Represented Members against GMIMCo and State Street. The complaint alleges that GMIMCo and State Street breached their fiduciary duties to plan participants by allowing participants to invest in five different funds that each primarily held the equity of a single company: the EDS Fund, the DIRECTV Fund, the News Corp. Fund, the Raytheon Fund and the Delphi Fund, all of which plaintiffs allege were imprudent investments because of their inherent risk and poor performance relative to more prudent investment alternatives. The complaint also alleges that GMIMCo breached its fiduciary duties to plan participants by allowing participants to invest in mutual funds offered by FMR Corp. under the Fidelity brand name. Plaintiffs allege that by investing in these funds, participants paid excessive fees and costs that they would not have incurred had they invested in more prudent investment alternatives. The complaint seeks a declaration that defendants have breached their fiduciary duties, an order requiring defendants to compensate the plans for their losses resulting from their breaches of fiduciary duties, the removal of defendants as fiduciaries, an injunction against further breaches of fiduciary duties, other unspecified equitable and monetary relief and attorneys' fees and costs.

On April 12, 2007, a purported class action lawsuit was filed in the U.S. District Court for the Southern District of New York captioned Mary M. Brewer, et al. v. General Motors Investment Management Corporation, et al. The case was brought by a plaintiff who alleges that she is a participant in the Delphi Savings-Stock Purchase Program for Salaried Employees and purports to bring claims on behalf of all participants in that plan as well as participants in the Delphi Personal Savings Plan for Hourly-Rate

-----  
Employees; the ASEC Manufacturing Savings Plan and the Delphi Mechatronic Systems Savings-Stock Purchase Program against GMIMCo and State Street. The complaint alleges that GMIMCo and State Street breached their fiduciary duties to plan participants by allowing participants to invest in five different funds that each primarily held the equity of a single company: the EDS Fund, the DIRECTV Fund, the News Corp. Fund, the Raytheon Fund and the GM Common Stock Fund, all of which plaintiffs allege were imprudent investments because of their inherent risk and poor performance relative to more prudent investment alternatives. The complaint also alleges that GMIMCo breached its fiduciary duties to plan participants by allowing participants to invest in mutual funds offered by FMR Corp. under the Fidelity brand name. Plaintiffs allege that by investing in these funds, participants paid excessive fees and costs that they would not have incurred had they invested in more prudent investment alternatives. The complaint seeks a declaration that defendants have breached their fiduciary duties, an order requiring defendants to compensate the plans for their losses resulting from their breaches of fiduciary duties, the removal of defendants as fiduciaries, an injunction against further breaches of fiduciary duties, other unspecified equitable and monetary relief and attorneys' fees and costs.

Motions to dismiss both Young and Brewer are pending, and there has been no other activity on these cases. No determination has been made that either case may be maintained as a class action. The scope of both actions is uncertain, and it is not possible to determine the likelihood of liability or reasonably ascertain the amount of any damages.

#### Asbestos Litigation

Like most automobile manufacturers, we have been subject in recent years to asbestos-related claims. We have used some products which incorporated small amounts of encapsulated asbestos. These products, generally brake linings, are known as asbestos-containing friction products. There is a significant body of scientific data demonstrating that these asbestos-containing friction products are not unsafe and do not create an increased risk of asbestos-related disease. We believe that the use of asbestos in these products was appropriate. A number of the claims are filed against us by automotive mechanics and their relatives seeking recovery based on their alleged exposure to the small amount of asbestos used in brake components. These claims generally identify numerous other potential sources for the claimant's alleged exposure to asbestos that do not involve us or asbestos-containing friction products, and many of these other potential sources would place users at much greater risk. Most of these claimants do not have an asbestos-related illness and may not develop one. This is consistent with the experience reported by other automotive manufacturers and other end users of asbestos.

-----  
Two other types of claims related to alleged asbestos exposure that are asserted against us -- locomotive and premises -- represent a significantly lower exposure to liability than the automotive friction product claims. Like other locomotive manufacturers, we used a limited amount of asbestos in locomotive brakes and in the insulation used in some locomotives. (We sold our locomotive manufacturing business in 2005). These uses have been the basis of lawsuits filed against us by railroad workers seeking relief based on their alleged exposure to asbestos. These claims generally identify numerous other potential sources for the claimant's alleged exposure to asbestos that do not involve us or locomotives. Many of these claimants do not have an asbestos-related illness and may never develop one. Moreover, the West Virginia and Ohio supreme courts have ruled that federal law preempts asbestos tort claims asserted on behalf of railroad workers. Such preemption means that federal law eliminates the possibility that railroad workers could maintain state law claims against us. In addition, a relatively small number of claims are brought by contractors who are seeking recovery based on alleged exposure to asbestos-containing products while working on premises owned by us. These claims generally identify numerous other potential sources for the claimant's alleged exposure to asbestos that do not involve us.

While we have resolved many of our asbestos claims and continue to do so for strategic litigation reasons, such as avoiding defense costs and possible exposure to excessive verdicts, management believes that only a small portion of these claimants have or will develop an asbestos-related impairment.

The amount expended in defense of asbestos claims in any year depends on the number of claims filed, the amount of pretrial proceedings, and the number of trials and settlements during the period. Our expenditures related to asbestos claims, including both defense costs and payments to claimants, have declined over the past several years.

#### Patent and Trade Secrets Litigation

In January 1994, plaintiffs commenced *John Evans and Evans Cooling Systems, Inc. v. General Motors Corporation* in Connecticut state court by filing separate suits for patent infringement and trade secret misappropriation. In the patent case, summary judgment in our favor was affirmed on appeal. In the trade secret case, the 2003 ruling of the presiding judge in our favor was reversed on appeal by the Connecticut Supreme Court on March 15, 2006 and remanded for jury trial. The plaintiffs expanded their claims for the new trial to include a subsequent generation of engines, used in a wide variety of our vehicles and sought relief in excess of \$12 billion. On September 13, 2007, the trial court granted partial summary judgment in our favor, dismissing plaintiff's attempt to expand their claims to the subsequent generation of engines. Plaintiffs are expected to appeal this ruling, which substantially restricts the scope of damages available under their current theory, following the trial.

-----  
Coolant System Class Action Litigation

We have been named as the defendant in 22 putative class actions in various federal and state courts in the United States alleging defects in the engine cooling systems in our vehicles; 14 cases are still pending in U.S. courts including six cases that have been consolidated, either finally or conditionally, for pre-trial proceedings in a multi-district proceeding in the U.S. District Court for the Southern District of Illinois. State courts in California and Michigan have denied motions to certify cases for class treatment. In an opinion dated February 16, 2007, certification of a multi-state class was denied in the federal multi-district proceeding on the grounds that individual issues predominate over common questions. However, in Gutzler v. General Motors Corporation, the Circuit Court of Jackson County, Missouri in January 2006 certified an "issues" class in January 2006 comprised of "all consumers who purchased or leased a GM vehicle in Missouri that was factory-equipped with "Dex Cool" coolant, which was included as original equipment in vehicles we manufactured since 1995. The Court also certified two sub-classes comprised of 1) class members who purchased or leased a vehicle with a 4.3-liter engine, and 2) class members who purchased or leased a vehicle with a 3.1, 3.4, or 3.8-liter engine. The Gutzler court's order provided for addressing specific issues on a class basis, including the extent of our warranty on coolant and whether our coolant is incompatible with other vehicle components. In Sanute v. General Motors Corporation, the state court in California on September 30, 2007 certified a class of claims related to certain vehicles with 3.1 and 3.4 liter engines to consider claims that the intake manifold gaskets were defective. In Amico v. General Motors Corporation, the state Court in Maricopa County, Arizona on September 17, 2007 certified a class of all vehicles (regardless of model year) with 3.1, 3.4, 3.8, 4.3, 5.7 and 7.4 liter engines containing intake manifold gaskets with a nylon carrier and silicon sealing bead.

Kenneth Stewart v. General Motors of Canada Limited and General Motors Corporation, a complaint filed in the Superior Court of Ontario on April 24, 2006, alleged a class action covering Canadian residents, except residents of British Columbia and Quebec, who purchased 1995 to 2003 GM vehicles with 3.1, 3.4, 3.8 and 4.3 liter engines. Plaintiff alleged that defects in the engine cooling systems allow coolant to leak into the engine and cause engine damage. The complaint alleged violation of the Business Practices and Competition Acts and sought alleged benefits received as a result of failure to warn and negligence, compensatory damages, punitive damages, fees and costs. Similar complaints (some involving 2004 vehicles as well) have been filed in 17 putative class actions against GM Canada and us, in ten provinces. Class certification has not been approved in any of these cases, and all have been stayed

-----  
on the agreement of counsel pending the outcome of the class certification hearing in Stewart, which was scheduled for December 2007 and subsequently adjourned. No determination has been made that the case may be maintained as a class action, and it is not possible to determine the likelihood of liability or reasonably ascertain the amount of any damages.

In October 2007, the parties reached a tentative settlement that would resolve certain claims in the putative class actions related to alleged defects in the engine cooling systems in our vehicles. The settlement as negotiated would apply to claims related to vehicles sold in the U.S. with a 3.1, 3.4 or 3.8-liter engine or to the use of Dex Cool engine coolant in sport utility vehicles and pickup trucks with a 4.3-liter engine from 1996 through 2000, subject to the negotiation and execution of definitive binding agreements. If and when definitive settlement agreements are executed, they must be submitted for approval to the appropriate court or courts. The tentative settlement does not include claims asserted in several different alleged class actions related to alleged gasket failures in certain other engines, including 4.3, 5.0 and 5.7-liter engines (without model year restrictions), or claims relating to alleged coolant related failures in vehicles other than those covered by the tentative settlement.

#### GM/OnStar Analog Equipment Litigation

We or our wholly owned subsidiary OnStar Corporation (OnStar) or both of us are parties to more than 20 putative class actions filed in various states, including Michigan, Ohio, New Jersey, Pennsylvania and California. All of these cases have been consolidated for pretrial purposes in a multi-district proceeding under the caption In re OnStar Contract Litigation in the U.S. District Court for the Eastern District of Michigan. The litigation arises out of the discontinuation by OnStar of services to vehicles equipped with analog hardware. OnStar was unable to provide services to such vehicles because the cellular carriers which provide communication service to OnStar terminated analog service beginning in February 2008. In the various cases, the plaintiffs are seeking certification of nationwide or statewide classes of owners of vehicles currently equipped with analog equipment, alleging various breaches of contract, misrepresentation and unfair trade practices. This proceeding is in the early stages of development, class certification motions have been fully briefed and the parties have not completed any formal discovery. It is not possible at this time to determine the likelihood of our liability of GM or OnStar or both of us or of class certification, or to reasonably ascertain the amount of any damages.

-----  
Greenhouse Gas Lawsuit

In California ex rel. Lockyer v. General Motors Corporation, et al., the California Attorney General brought suit against a group of major vehicle manufacturers including us for damages allegedly suffered by the state as a result of greenhouse gas emissions from the manufacturers' vehicles, principally based on a common law nuisance theory. On September 18, 2007, the U.S. District Court for the Northern District of California granted the defendants' motion to dismiss the complaint on the grounds that the claim under the federal common law of nuisance raised non-justiciable political questions beyond the Court's jurisdiction. The Court also dismissed without prejudice the nuisance claim under California state law. Plaintiff filed an appeal with the U.S. Court of Appeals for the Ninth Circuit on October 16, 2007, and the Court has set a schedule for submission of briefs.

Carbon Dioxide Emission Standard Litigation

In a number of cases, the Alliance of Automobile Manufacturers, the Association of International Automobile Manufacturers, Chrysler, various automobile dealers and GM have brought suit for declaratory and injunctive relief from state legislation imposing stringent controls on new motor vehicle CO2 emissions. These cases argue that such state regulation of CO2 emissions is preempted by two federal statutes, the Energy Policy and Conservation Act and the Clean Air Act. The cases were brought against the CARB on December 7, 2004, in the U.S. District Court for the Eastern District of California (Fresno Division); against the Vermont Agency of Natural Resources and the Vermont Department of Environmental Conservation on November 18, 2005, in the U.S. District Court for the District of Vermont; and against the Rhode Island Department of Environmental Management on February 13, 2006, in the U.S. District Court for the District of Rhode Island.

On September 12, 2007, the U.S. District Court for the District of Vermont issued an order rejecting plaintiffs' argument and dismissing the complaint. The industry plaintiffs, including us, have appealed to the U.S. Court of Appeals for the Second Circuit. On December 12, 2007, the U.S. District Court for the Eastern District of California issued an order granting summary judgment in favor of the defendant State of California and interveners on industry's claims related to federal preemption. The court did not lift the order enjoining California from enforcing the AB 1493 Rules in the absence of an EPA waiver. The industry's response to the ruling is under consideration. A related challenge in the California Superior Court in Fresno is pending. On December 21, 2007, the U.S. District Court for the District of Rhode Island denied the state's motion to dismiss the industry challenge and announced steps for the case to proceed to trial. Also on December 27, 2007, several New Mexico auto dealers filed a federal legal challenge to adoption of the standards in that state.

-----  
U.S. Environmental Protection Agency Region III Administrative Complaint  
On September 27, 2007, EPA Region III brought a nine-count Administrative Complaint against our manufacturing facility in Wilmington, Delaware seeking undisclosed penalties. The Complaint is substantially similar to the previously disclosed 2003 EPA Region V matter now on appeal before the EPA Environmental Appeal Board. Both cases center around whether purge solvent used in cleaning paint applicators is a solid waste, and whether its continued use in keeping pipes from clogging is part of the solvent's "original intended purpose." We intend to file an Answer and to seek a stay in enforcement until all appeals have been exhausted. EPA Region III may seek penalties in excess of \$100,000.  
Financial Assurance Enforcement

The EPA has notified us that they intend to bring an administrative enforcement action for alleged historic failures to comply with the Resource Conservation Recovery Act's annual financial assurance requirements. We anticipate that the EPA will seek penalties exceeding \$100,000.

-----  
Investigations

We are cooperating with federal governmental agencies in connection with a number of investigations.

We have received subpoenas and information requests from the SEC in connection with some of its investigations related to various matters including our financial reporting concerning pension and OPEB, certain transactions between us and Delphi, supplier price reductions or credits, any obligation we may have to fund pension and OPEB costs in connection with Delphi's Chapter 11 proceedings, restatements of our previously disclosed financial statements in connection with our accounting for certain foreign exchange contracts and commodities contracts, and certain transactions in precious metal raw materials used in our automotive manufacturing operations. The SEC is also investigating our accounting for various derivative transactions under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities." We have produced documents and provided testimony in response to the subpoenas and are continuing to cooperate in connection with all these investigations. A negative outcome of one or more of these investigations could require us to restate prior financial results and could result in fines, penalties or other remedies being imposed on us, which under certain circumstances could have a material adverse effect on our business.

Canadian Export Antitrust Class Actions

In the previously reported antitrust class action consolidated in the U.S. District Court for the District of Maine, *In re New Market Vehicle Canadian Export Antitrust Litigation Cases*, the U.S. Court of Appeals for the First Circuit reversed the certification of the injunctive class and ordered dismissal of the injunctive claim on March 28, 2008. The U.S. Court of Appeals for the First Circuit also vacated the certification of the damages class and remanded to the U.S. District Court for the District of Maine for determination of several issues concerning federal jurisdiction and, if such jurisdiction still exists, for reconsideration of that class certification on a more complete record. On April 11, 2008, plaintiffs filed a motion with the U.S. Court of Appeals for the First Circuit for rehearing en banc of its decisions regarding the injunctive class.

Health Care Litigation -- 2007 Agreement

In the previously reported class lawsuit brought in the U.S. District Court for the Eastern District of Michigan by the UAW and eight putative class representatives, *UAW, et al. v. General Motors Corporation*, we completed settlement negotiations and entered into the Settlement Agreement with the UAW and the putative classes on February 21, 2008. The Court certified the class and granted preliminary approval of the Settlement Agreement on March 4, 2008. Notice of the settlement has been mailed to 520,000 class members, and the final hearing to review the fairness of the Settlement Agreement is scheduled for June 3, 2008.

Shareholder Derivative Suits

In the previously reported case, *Salisbury v. Barnevik, et al.*, brought in the Circuit Court of Wayne County, Michigan, the Court has continued the stay in the proceedings until July 2008.

GMAC Bondholder Class Actions

With respect to the previously reported litigation consolidated under the caption *Zielezienski, et al. v. General Motors Corporation, et al.*, on March 6, 2008, the U.S. Court of Appeals for the Sixth Circuit affirmed the dismissal of this case by the U.S. District Court for the Eastern District of Michigan. Plaintiffs have filed a motion for a rehearing.

-----  
ERISA Class Actions

In connection with the previously reported cases of *Young, et al. v. General Motors Investment Management Corporation, et al.* and *Mary M. Brewer, et al. v. General Motors Investment Management Corporation, et al.*, on March 24, 2008 the U.S. District Court for the Southern District of New York granted GM's motions to dismiss both of these cases on statute of limitations grounds. Plaintiffs have appealed the dismissal in both cases.

Coolant System Class Action Litigation

With respect to this previously reported subject of litigation, in October 2007 the parties reached a tentative settlement that would resolve certain claims in the putative class actions related to alleged defects in the engine cooling systems in our vehicles. This settlement has been documented in formal written agreements, which have been preliminarily approved by the state courts in California (covering claims in 49 states) and Missouri. If finally approved, the settlement as negotiated will resolve claims related to vehicles sold in the U.S. with a 3.1, 3.4 or 3.8-liter engine or to the use of DexCool engine coolant in sport utility vehicles and pickup trucks with a 4.3-liter engine from 1996 through 2000. Hearings to consider final approval of the settlement have been scheduled for August 29, 2008 in California and September 5, 2008 in Missouri. The settlement does not include claims asserted in several different alleged class actions related to alleged gasket failures in certain other engines, including 4.3, 5.0 and 5.7-liter engines (without model year restrictions), or claims relating to alleged coolant related failures in vehicles other than those listed above. Such claims are to be dismissed without prejudice.

Greenhouse Gas Lawsuit

In the case of *California ex rel. Lockyer v. General Motors Corporation, et al.*, which has been previously reported, the State of California filed its appeal brief in January 2008, and the defendants filed their responsive brief in March 2008. Several groups filed amicus briefs in support of the defendants, including the State of Michigan, the U.S. Chamber of Commerce and the National Association of Manufacturers.

Canadian Export Antitrust Class Actions

In the previously reported antitrust class action consolidated in the U.S. District Court for the District of Maine, In re New Market Vehicle Canadian Export Antitrust Litigation Cases, the U.S. Court of Appeals for the First Circuit reversed the certification of the injunctive class and ordered dismissal of the injunctive claim on March 28, 2008. The U.S. Court of Appeals for the First Circuit also vacated the certification of the damages class and remanded to the U.S. District Court for the District of Maine for determination of several issues concerning federal jurisdiction and, if such jurisdiction still exists, for reconsideration of that class certification on a more complete record. The parties are now briefing for the District Court the defendants' various motions for summary judgment and motions in limine, as well as plaintiffs' renewed motion for class certification.

Health Care Litigation -- 2007 Agreement

In the previously reported class lawsuit brought in the U.S. District Court for the Eastern District of Michigan by the UAW and eight putative class representatives, UAW, et al. v. General Motors Corporation, we completed settlement negotiations and entered into the Settlement Agreement with the UAW and the putative classes on February 21, 2008. The Court certified the class and granted preliminary approval of the Settlement Agreement on March 4, 2008. Notice of the settlement was mailed to 520,000 class members, and the final hearing to review the fairness of the Settlement Agreement was held on June 3, 2008. On July 31, 2008, the Court approved the Settlement Agreement. All appeals, if any, are expected to be exhausted no later than January 1, 2010.

GM Securities and Shareholder Derivative Suits

In the previously reported case, In re General Motors Corporation Securities and Derivative Litigation, the parties reached an agreement in principle to settle the GM Securities litigation on July 21, 2008. The settlement is subject to the negotiation of a formal agreement, which will be filed with the court in late August or early September 2008. The agreement in principle calls for us to pay \$277 million. We will be required to pay one-half of the money into an escrow account within 30 days of preliminary approval of the settlement by the court, and the other half into an escrow account in January 2009. The tentative settlement is subject to court approval.

With regard to the shareholder derivative suits pending in the United States District Court for the Eastern District of Michigan, the parties reached an agreement in principle to settle the suits on August 6, 2008. The settlement is subject to the negotiation of a

-----  
formal agreement, which will be filed with the court. The agreement in principle requires our management to recommend to the Board of Directors and its committees that we implement and maintain certain corporate governance changes for a period of four years. We will also pay plaintiffs' attorneys' fees and costs as approved by the court. We have agreed not to oppose an application for attorneys' fees and costs by the derivative plaintiffs in an amount not to exceed \$7.465 million. The tentative settlement is subject to court approval. In the previously reported case, Salisbury v. Barnevik, et al., brought in the Circuit Court of Wayne County, Michigan, the Court has continued the stay in the proceedings until August 2008. As a condition of the tentative settlement in the shareholder derivative suits pending in the United States District Court for the Eastern District of Michigan, the shareholder derivative cases pending in Wayne County Circuit Court will be dismissed with prejudice.

#### GMAC Bondholder Class Actions

With respect to the previously reported litigation consolidated under the caption Zielezienski, et al. v. General Motors Corporation, et al., on March 6, 2008, the U.S. Court of Appeals for the Sixth Circuit affirmed the dismissal of this case by the U.S. District Court for the Eastern District of Michigan. Plaintiffs filed a motion for rehearing. On June 26, 2008, the U.S. Court of Appeals for the Sixth Circuit entered an order granting plaintiffs' motion for rehearing, but reaffirming the dismissal of plaintiffs' complaint. Plaintiffs have filed a petition for rehearing en banc.

#### ERISA Class Actions

In connection with the previously reported case In re General Motors ERISA Litigation, the United States District Court for the Eastern District of Michigan gave final approval to the proposed settlement on June 5, 2008. In July 2008, one of the objectors to plaintiffs' attorneys' fees award filed an appeal with the United States Court of Appeals for the Sixth Circuit.

In connection with the previously reported cases of Young, et al. v. General Motors Investment Management Corporation, et al. and Mary M. Brewer, et al. v. General Motors Investment Management Corporation, et al., on March 24, 2008 the U.S. District Court for the Southern District of New York granted our motions to dismiss both of these cases on statute of limitations grounds. Plaintiffs have appealed the dismissal in both cases.

-----  
Patent and Trade Secrets Litigation

In connection with the previously reported case John Evans and Evans Cooling Systems, Inc. v. General Motors Corporation, the case is currently set for trial in March 2009. Plaintiffs have indicated their intent to seek damages in excess of \$600 million at trial. As previously reported, plaintiffs are expected to appeal a ruling by the trial court which substantially restricted the scope of damages available to them (plaintiffs previously sought relief in excess of \$12 billion) following the trial.

Coolant System Class Action Litigation

With respect to this previously reported subject of litigation, in October 2007 the parties reached a tentative settlement that would resolve certain claims in the putative class actions related to alleged defects in the engine cooling systems in our vehicles. This settlement has been documented in formal written agreements, which have been preliminarily approved by the state courts in California (covering claims in 49 states) and Missouri. If finally approved, the settlement as negotiated will resolve claims related to vehicles sold in the U.S. with a 3.1, 3.4 or 3.8-liter engine or to the use of DexCool engine coolant in sport utility vehicles and pick-up trucks with a 4.3-liter engine from 1996 through 2000. Hearings to consider final approval of the settlement have been scheduled for August 29, 2008 in California and September 5, 2008 in Missouri. The settlement does not include claims asserted in several different alleged class actions related to alleged gasket failures in certain other engines, including 4.3, 5.0 and 5.7-liter engines (without model year restrictions), or claims relating to alleged coolant related failures in vehicles other than those listed above. Such claims are to be dismissed without prejudice.

Pick-up Truck Parking Brake Litigation

The Corporation has been named in four class action lawsuits alleging that certain 1998 through 2004 C/K pick-up trucks have defective parking brakes. The cases are Bryant v. General Motors Corporation, filed on March 11, 2005 in the Circuit Court for Miller County, Arkansas; Hunter v. General Motors Corporation, filed on January 19, 2005 in Superior Court in Los Angeles, California; Chartrand v. General Motors Corporation, et al. filed on October 26, 2005 in Supreme Court, British Columbia, Canada; and Goodridge v. General Motors Corporation, et al. filed on November 18, 2005 in the Superior Court of Justice, Ontario, Canada. The complaints allege that parking brake spring clips wear prematurely and cause failure of the parking brake system, and seek compensatory damages for the cost of correcting the alleged defect, interest costs and attorney's fees. The two Canadian cases also seek punitive damages and "general damages" of \$500 million. On August 15, 2006, the Miller County Circuit Court in the Bryant

-----  
case certified a nationwide class consisting of original and subsequent owners of 1999 through 2002 GM series 1500 pick-up trucks and sport utility vehicles equipped with automatic transmissions and registered in the United States. On June 19, 2008, the Supreme Court of Arkansas affirmed the certification decision. We intend to file a petition for certiorari seeking review of the certification decision in the U.S. Supreme Court.

#### Greenhouse Gas Lawsuit

In the case of California ex rel. Lockyer v. General Motors Corporation, et al., which has been previously reported, the State of California filed its appeal brief in January 2008, and the defendants filed their responsive brief in March 2008. Several groups filed amicus briefs in support of the defendants, including the State of Michigan, the U.S. Chamber of Commerce and the National Association of Manufacturers.

#### EPA Environmental Appeal Board Remands Hazardous Waste Region V Case, Impacting Regions II and III Enforcements

On June 22, 2008 the EPA Environmental Appeal Board reversed and remanded a 2006 Administrative Law Judge ruling that had found us liable for violating hazardous waste rules in Region V for the handling and storage of used solvents. As previously reported, EPA Regions II, III and V have brought enforcement actions against several GM assembly plants seeking penalties for alleged noncompliance with the Resource Conservation Recovery Act (RCRA) rules for the handling and storage of solvents used to purge colors from paint applicators. In March 2006 an administrative law judge found GM liable for RCRA violations at three plants in Region V and assessed a \$568,116 penalty. We have appealed.  
Quarterly Report on Form 10-Q for the quarter period ended September 30, 2008, filed on November 10, 2008

#### Canadian Export Antitrust Class Actions

In the previously reported antitrust class action consolidated in the U.S. District Court for the District of Maine, In re New Market Vehicle Canadian Export Antitrust Litigation Cases, the U.S. Court of Appeals for the First Circuit reversed the certification of the injunctive class and ordered dismissal of the injunctive claim on March 28, 2008. The U.S. Court of Appeals for the First Circuit also vacated the certification of the damages class and remanded to the U.S. District Court for the District of Maine for

-----  
determination of several issues concerning federal jurisdiction and, if such jurisdiction still exists, for reconsideration of that class certification on a more complete record. The parties are now briefing for the District Court the defendants' various motions for summary judgment and motions in limine, as well as plaintiffs' renewed motion for class certification.

Health Care Litigation -- 2007 Agreement

In the previously reported class lawsuit brought in the U.S. District Court for the Eastern District of Michigan by the UAW and eight putative class representatives, UAW, et al. v. General Motors Corporation, we completed settlement negotiations and entered into the Settlement Agreement with the UAW and the putative classes on February 21, 2008. The Court certified the class and granted preliminary approval of the Settlement Agreement on March 4, 2008. Notice of the settlement was mailed to 520,000 class members, and the final hearing to review the fairness of the Settlement Agreement was held on June 3, 2008. On July 31, 2008, the Court approved the Settlement Agreement. On September 2, 2008, the judgment became final as the period to file appeals related to the Court's order expired, with no appeals filed.

GM Securities and Shareholder Derivative Suits

In the previously reported case, In re General Motors Corporation Securities and Derivative Litigation, on September 23, 2008 the United States District Court for the Eastern District of Michigan preliminarily approved the proposed settlement in the GM Securities litigation. The court set a hearing for final approval for December 22, 2008.

With regard to the shareholder derivative suits pending in the United States District Court for the Eastern District of Michigan, on September 23, 2008 the district court preliminarily approved the settlement. The Court set a hearing for final approval for December 22, 2008. The Notice and Stipulation of Settlement are available at [www.gm.com](http://www.gm.com).

In the previously reported case, Salisbury v. Barnevik, et al., brought in the Circuit Court of Wayne County, Michigan, the Court has continued the stay in the proceedings until November 2008.

-----  
GMAC Bondholder Class Actions

With respect to the previously reported litigation consolidated under the caption J&R Marketing SEP, et al. v. General Motors Corporation, et al., on October 9, 2008, the U.S. Court of Appeals for the Sixth Circuit denied plaintiffs' motion for rehearing and rehearing en banc.

ERISA Class Actions

In connection with the previously reported case In re General Motors ERISA Litigation, the United States District Court for the Eastern District of Michigan gave final approval to the proposed settlement on June 5, 2008. In July 2008, one of the objectors to plaintiffs' attorneys' fees award filed an appeal with the United States Court of Appeals for the Sixth Circuit. On September 18, 2008, the Court of Appeals dismissed the appeal upon appellant-objector's motion.

In connection with the previously reported cases of Young, et al. v. General Motors Investment Management Corporation, et al. and Mary M. Brewer, et al. v. General Motors Investment Management Corporation, et al., on March 24, 2008 the U.S. District Court for the Southern District of New York granted our motions to dismiss both of these cases on statute of limitations grounds. Plaintiffs have appealed the dismissal in both cases.

Patent and Trade Secrets Litigation

In the previously reported case John Evans and Evans Cooling Systems, Inc. v. General Motors Corporation, on October 28, 2008, the parties reached an agreement on a term sheet to settle the case. A definitive agreement is being drafted.

Coolant System Class Action Litigation

As previously reported, in October 2007 the parties reached a tentative settlement that would resolve certain claims in the putative class actions related to alleged defects in the engine cooling systems in our vehicles. The settlement received final approval from the Circuit Court of Jackson County, Missouri on September 5, 2008 and from the Superior Court in Almeida County, California on October 23, 2008. The ruling of the California court remains subject to appeal.

As also previously reported, parallel class action was initiated in Canada alleging that 1995 to 2003 vehicles with 3.1, 3.4, 3.8 and 4.3 liter engines suffered from engine cooling system defects. On August 28, 2008, the parties reached a tentative settlement of the Canadian litigation on essentially the same terms as in the U.S. On October 30, 2008, the Superior Court in Ontario approved that settlement. The approval order remains subject to potential appeal.

-----  
Pick-up Truck Parking Brake Litigation

The Corporation has been named in four class action lawsuits alleging that certain 1998 through 2004 C/K pick-up trucks have defective parking brakes. The cases are Bryant v. General Motors Corporation, filed on March 11, 2005 in the Circuit Court for Miller County, Arkansas; Hunter v. General Motors Corporation, filed on January 19, 2005 in Superior Court in Los Angeles, California; Chartrand v. General Motors Corporation, et al. filed on October 26, 2005 in Supreme Court, British Columbia, Canada; and Goodridge v. General Motors Corporation, et al. filed on November 18, 2005 in the Superior Court of Justice, Ontario, Canada. The complaints allege that parking brake spring clips wear prematurely and cause failure of the parking brake system, and seek compensatory damages for the cost of correcting the alleged defect, interest costs and attorney's fees. The two Canadian cases also seek punitive damages and "general damages" of \$500 million. On August 15, 2006, the Miller County Circuit Court in the Bryant case certified a nationwide class consisting of original and subsequent owners of 1999 through 2002 GM series 1500 pick-up trucks and sport utility vehicles equipped with automatic transmissions and registered in the United States. On June 19, 2008, the Supreme Court of Arkansas affirmed the certification decision. We intend to file a petition for certiorari seeking review of the certification decision in the U.S. Supreme Court.

Greenhouse Gas Lawsuit

In the case of California ex rel. Lockyer v. General Motors Corporation, et al., which has been previously reported, the State of California filed its appeal brief in January 2008, and the defendants filed their responsive brief in March 2008. Several groups filed amicus briefs in support of the defendants, including the State of Michigan, the U.S. Chamber of Commerce and the National Association of Manufacturers.

EPA Environmental Appeal Board Remands Hazardous Waste Region V Case, Affecting Regions II and III Enforcements

On June 22, 2008 the Environmental Protection Agency (EPA) Environmental Appeal Board reversed and remanded a 2006 Administrative Law Judge ruling that had found us liable for violating hazardous waste rules in Region V for the handling and storage of used solvents. As previously reported, EPA Regions II, III and V have brought enforcement actions against several of our assembly

-----  
plants seeking penalties for alleged noncompliance with the Resource Conservation Recovery Act (RCRA) rules for the handling and storage of solvents used to purge colors from paint applicators. In March 2006 an administrative law judge found us liable for RCRA violations at three plants in Region V and assessed a \$568,116 penalty. We are preparing for a fact hearing on remand.

Schedule 6.26

INTELLECTUAL PROPERTY

This Schedule 6.26 is qualified in its entirety by reference to specific provisions of the Loan Agreement, and is not intended to constitute, and shall not be construed as constituting, representations and warranties of any Loan Party, except to the extent expressly provided in the Loan Agreement. Notwithstanding the foregoing, the inclusion of any particular Intellectual Property in this Schedule 6.26 (including, without limitation, any attachment hereto) shall not be construed as an admission that that particular Intellectual Property is material to the operation of the business of any Loan Party.

Section I:

Schedule 6.26(a):

(i) Trademarks:

See Attachments (i)(A) through (i)(G).

(ii) Patents:

See Attachments (ii)(A) through (ii)(J).

(iii) Copyrights:

See Attachments (iii)(A) through (iii)(C).

(iv) Domain Names:

See Attachment (iv).

Material Intellectual Property that is the subject of any licensing or franchising agreement that prohibits or restricts any Loan Parties' conduct of business as presently conducted:

None.

Except as set forth herein or on Schedule 6.03, no Loan Party has received any notice that it is violating or has violated the trademarks, patents, copyrights, inventions, trade secrets, proprietary information and technology, know-how, formulae, rights of publicity or other intellectual property rights of any third party, which, individually or in the aggregate, could reasonably be expected to have a Material Adverse Effect.

Schedule 6.28

ASSETS SUBJECT TO A SENIOR LIENS

The following assets of the relevant Loan Party are subject to a Senior Lien:<sup>6</sup>

Senior Lien Loan Agreement	Assets Subject to Senior Lien
\$1,473,750,000 Term Loan Agreement, dated as of November 29, 2006, among General Motors Corporation, as the Borrower; Saturn Corporation, as Guarantor; the Lenders party thereto; and JPMorgan Chase Bank, N.A., as Administrative Agent.	(i) All equipment and all fixtures of GM and the Guarantor, other than equipment and fixtures which are not located at U.S. Manufacturing Facilities (as defined below) (the "Excluded Equipment and Fixtures"); provided that no equipment or fixtures (a) located at a U.S. Manufacturing Facility or (b) transferred to a property that is not located at a U.S. Manufacturing Facility in violation of Section 4.06 of the related collateral agreement, shall constitute Excluded Equipment and Fixtures; (ii) all documents and general intangibles attributable solely to such equipment or fixtures, other than Excluded Equipment and Fixtures; (iii) all books and records pertaining solely to such equipment or fixtures (or proceeds or products of equipment or fixtures), in each case, other than Excluded Equipment and Fixtures (or proceeds or products thereof); and (iv) to the extent not otherwise included in the foregoing clauses, all proceeds and products of any and all of the foregoing. " U.S. Manufacturing Facility " is defined as (a) any plant or facility listed on Schedule I attached to the related Collateral Agreement including all related or appurtenant land, buildings, Equipment and Fixtures, and (b) any plant or facility of a Grantor, including all related or appurtenant land, buildings, Equipment and Fixtures, acquired or leased after the date of the Term Loan Agreement which is located within the continental United States of America and at which manufacturing, production, assembly or processing activities are conducted.

<sup>5</sup>Excludes all lease transactions.

<sup>6</sup>The descriptions of Indebtedness and the related collateral and Senior Liens set forth below are summary descriptions. For full and complete descriptions of such collateral and Senior Liens, reference should be made to the underlying operative documents.

-----  
Senior Lien Loan Agreement  
\$4,480,000,000 Amended and Restated  
Credit Agreement, dated as of July 20,  
2006, among General Motors Corporation ("

Assets Subject to Senior Lien  
U.S. Collateral

GM  
") and General Motors of Canada Limited  
(" GMCL  
"), as Borrowers; Saturn Corporation ("  
Saturn  
"), as Guarantor; Citicorp USA, Inc., as  
Administrative Agent; and the Lenders  
thereto.

The U.S. Collateral ("  
U.S. Collateral  
") consists of (a) all inventory of GM  
and Saturn; (b) all receivables of GM  
and Saturn; (c) 65% of the stock of  
Controladora General Motors, S.A. de  
C.V.; (d) all chattel paper  
attributable solely to the receivables  
or inventory in which a security  
interest is granted pursuant to the  
agreement; (e) all documents  
attributable solely to the receivables  
or inventory of GM and Saturn; (f) all  
general intangibles attributable solely  
to the receivables or inventory of GM  
and Saturn; (g) all instruments  
attributable solely to the receivables  
or inventory of GM and Saturn; (h) all  
books and records pertaining solely to  
the US Collateral; and (i) to the  
extent not otherwise included, all  
proceeds, supporting obligations and  
products of any and all of the  
foregoing and all collateral security  
given by any person with respect to any  
of the foregoing, but excluding all  
"Excluded Collateral" as defined in the  
U.S. Security Agreement, dated as of  
July 20, 2006, between GM and Saturn,  
and Citicorp USA, Inc., as Agent.

Canadian Collateral

:

The Canadian Collateral ("  
Canadian Collateral

") consists of the following: (a) all  
goods comprising the inventory of GMCL  
including but not limited to goods held  
for sale or lease or that have been  
leased or consigned by GMCL or  
furnished or to be furnished under a  
contract of service by GMCL or that are  
raw materials, work in process or  
materials used or consumed in a  
business or profession or finished  
goods; (b) all other goods which are  
not included in (a) above, including  
but not limited to furniture,  
equipment, machinery, plant, tools and  
vehicles; (c) all accounts, notes  
receivable, debts and demands and  
choses in action (to the extent such  
demands and choses in action

-----  
Senior Lien Loan Agreement

Assets Subject to Senior Lien constitute monetary obligations), and any other asset that is categorized as accounts receivable in accordance with GAAP, which are now due, owing or accruing due or which may hereafter become due, owing or accruing due to GMCL, all other rights and benefits which now or may be hereafter be vested in GMCL in respect of or as security for any of such accounts, notes receivable, debts, demands, choses in action and other assets and all claims of any kind which GMCL now has or may hereafter have in respect of such accounts, notes receivable, debts, demands, choses in action and other assets, including but not limited to claims against the Crown and claims under insurance policies; (d) with respect to the personal property described in subsections (a) to (c) inclusive, all books, accounts, invoices, letters, papers, documents, disks, and other records in any form, electronic or otherwise, evidencing or relating thereto; and all contracts, instruments and other rights and benefits in respect thereof; (e) with respect to the personal property described in subsections (a) to (d) inclusive, all parts, components, renewals, substitutions and replacements thereof and all attachments, accessories and increases, additions and accessions thereto; and (f) with respect to the personal property described in subsections (a) to (e) inclusive, all proceeds therefrom, including personal property in any form derived directly or indirectly from any dealing with such property or proceeds therefrom, and any insurance or other payment as indemnity or compensation for loss of or damage to such property or any right to such payment, and any payment made in total or partial discharge or redemption of an intangible, chattel paper, instrument or security, but excluding all "Excluded Collateral" as defined in the Canadian Security Agreement, dated July 20, 2006, between GM and Citicorp USA, Inc., as agent.

Loan and Security Agreement, dated as of (i) all automobiles or light trucks solely owned by GM and

-----  
Senior Lien Loan Agreement  
October 2, 2006, among and General Motors  
Corporation, as Borrower and Gelco  
Corporation (d/b/a GE Fleet Services), as  
Lender, as amended by the First Amendment  
to the Loan and Security Agreement, dated  
as of September 27, 2007 and the Second  
Amendment to the Loan and Security  
Agreement dated as of November 29, 2007.

Assets Subject to Senior Lien  
used in one of its "company car  
programs" (together with all  
accessions, attachments, accessories,  
additions and repairs thereto and  
replacement parts in connection  
therewith), (ii) all automobiles or  
light trucks held by GM as inventory  
including vehicles where a certificate  
of title has been issued by the State  
of Michigan, or an application for  
certificate of title has been received  
by the Michigan Secretary of State  
(together with all accessions,  
attachments, accessories, additions and  
repairs thereto and replacement parts  
in connection therewith); (iii) all  
accounts, chattel paper or general  
intangibles arising from the sale or  
disposition of the foregoing; (iv) all  
accounts of GM where the sale proceeds  
of the foregoing are to be deposited as  
identified on Schedule IV to the Gelco  
Agreement (the "  
Collection Accounts  
"); (v) all books and records relating  
to any of the foregoing; and (vi) all  
proceeds of the foregoing, including  
any insurance proceeds with respect to  
any of the foregoing (the "  
Gelco Collateral  
"). The Gelco Collateral shall not  
include a security interest in any  
asset set forth in clauses (i) and (ii)  
above that becomes part of the "company  
car programs" after the termination  
date of the Gelco Agreement or (except  
for its security interest in the  
Collection Accounts) in any proceeds  
thereof.
