Honorable Judge Gerber, "Motions to Supply Information"

I know your time is valuable so I'll keep this short. I own 828K in XGM Bonds (33,148) shares since what has transpired in the GM bankruptcy so far it looks like I'm finished - however I have my son to try and leave something for. My understanding after reading news reports and other sources was "the Deal" for bond holders was 10% GM Stock + 15% Warrants + Accrued interest on bonds. However the day or day after GM came out of bankruptcy I saw a Bloomberg story that the "New GM" had thrown 10% Stock into "Motors Liquidation Company" and that was that. That leaves three questions unanswered for me - #1 Was there ever an agreement with creditors committee for the 10+75 #2 why do gov. & UAW automatically get their % in new stock while we as bondholders

②

are left to get screwed again fighting for
our 2% of 10%^{left} with Asbestos - Insulin - toxic
factory clean-up other unions, suppliers, ect.
and where are the warrants?

I understood that the official committee did
~~not~~ ~~oppose~~ ~~the~~ ~~363~~ ~~wed~~ ~~get~~ ~~the~~ ~~stock~~ ~~in~~ ~~New~~ ~~GM~~
Not oppose the 363 wed get the stock in New GM ^(warrants)

I heard the United States Trustee
testify in your court that bondholders were
properly represented by "the official committee"

and the "Wilmington Trust". I spoke
with David ^{Manesky} Naugovsky (WT) and committee
member (302 636 6019) approx 2 weeks ago.

and he was not sure there was any agreement
(DOC - ^{understands} contract or whatever you want to
call it). I spoke with Jennifer Sheoret?

212-715-9516 (Committee Attys - Kramer Levin et)

and got basically the same answer:

to have ^{90% of} your life savings taken for a political
debt owed is absurd - to have the last
10% stolen behind your back is _____

(I cannot say). I called 2 weeks ago to register
my bonds with Wilmington Trust (to be sure

②

sure I'd get claim filed and was told I'd
 receive call in a few days. I said I'd keep
 this short so what I'd ask of you if
 possible is approval of a "Motion to
 Supply information" ~~for~~ the US Trustee,
 Wilmington trust, official creditors
 committee, Kramer Levin Nattalis & Frankel LLP
 (committee Attorneys) or whomever you deem
 best to answer - Is their an 10% stock
 15% warrants agreement of any kind
 what is approx time frame to receive
 distribution. And issue order for
 above motion. In closing I like to
 Remind you of some words you used
~~at~~ in one of your rulings in this case
 "that really hit the nail on the head -
 "everybody wants to fight their fight with
 somebody else's money". The white house
 and gm has taken 90% of my retirement
~~please take into consideration the 10%.~~
~~I may have felt that is at your~~

money for their fight to survive.

please take into consideration the
last 10% is all I have left to
leave my son and his future family

in their fight for the American Dream.

I know you've got a tough job and

I wish you the best
