**Claim#15821, Patricia A. Chapman**

Honorable Robert E. Gerber  
United States Bankruptcy Court  
Southern District, New York  
One Bowling Green\New York, New York  
10004

Dear Judge Gerber,

I am not an attorney; I cannot afford an attorney for our very small claim included in this "164<sup>th</sup> Omnibus Objection To Claims". Our claim was originally filed with GM prior to the bankruptcy. It had carried over to the bankruptcy filing and has languished ever since. Several times over the past years I have been asked to reproduce the file after it was lost/misplaced. This is difficult for us to do as we are not affluent people. The recession has hit us hard and nearly broke us to fix our vehicle after a small fire resulting from a subsequent recall defect.

This claim results from a small fire in our 1999 Chevrolet Lumina which after paying for the repairs we were notified that a recall had begun on this vehicle to prevent this exact same thing from happening. After an inquiry with GM, they suggested we file a claim.

We did everything correct and to the letter of the claims process at that time. The included documents with this letter will attest to the receipt of the claim and initial processing prior to GM's bankruptcy filing. The file has been lost/misplaced several times.

We are asking that our claim be allowed to proceed and not be expunged in the upcoming hearing. We are very reasonable people and are willing to discuss the claim.

The enclosed documents are organized in the following manner:

**Item Number and Item**

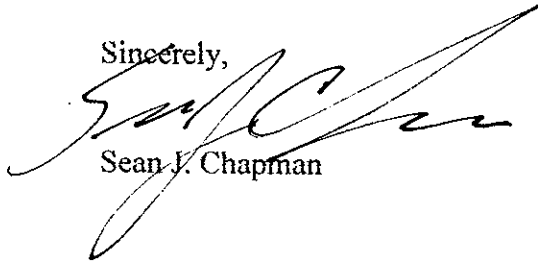

- A. The original claim letter filed 07/23/09.
  - B. A USPS signed receipt of claim received.
  - C. The original work/repair receipt that depicts total claim.
  - D. The original maintenance log associated with this vehicle.
  - E. Original photos filed with the claim.
  - F. Written statement (email) from witness to fire.
  - G. Emails...Chronologically arranged pertaining to this claim and missing file.
  - H. The original recall notice sent to us shortly after the fire.
- Thank-you very much for your prompt replies and your kindness in consideration of this matter.

I didn't know what to do and could only think of sending this to you for review as part of the hearing process so we are not dismissed for having an incomplete file.

Anything your Honor can do to assist us in trying to resolve this claim would be greatly appreciated.

Fell free to call me anytime at the number listed on the letter head should you have any questions.

Sincerely,

Sean J. Chapman

**Original Case No:** 71-29251735  
**Claimant:** Patricia and Sean Chapman  
**Date/Event:** 01/19/09  
**Subject Vehicle:** 1999 Chevrolet Lumina  
**VIN:** 2G1WN52K2X9111097

Dear ESIS,

Please accept the enclosed documents relative to the above file number.

The vehicle is owned by my Wife and has been driven by our daughter (Kathleen) for the past several years while she attends college (Sonoma State University) in Rohnert Park, California.

I have enclosed an email statement by a Mr. Nicholas Wiggin (our daughter's boyfriend) who assisted Kathleen on the evening she began to notice smoke coming from under the hood. Mr. Wiggin's statement is self explanatory. Mr. Wiggin is also a trained local firefighter from the area.

No police or fire reports were taken regarding this incident. No injuries or additional property damage is being claimed. No insurance claim was filed regarding this incident. I paid cash for all repairs relative to this incident to Victory Chevrolet as indicated on their attached service order.

A chronological listing of all vehicle maintenance is attached. The listing is indicative of when the vehicle was in my possession and garaged at our residence in Brentwood, California.

We purchased the vehicle used several years ago and are not aware of any modifications to the vehicle. Nothing unusual, prior to the incident was observed by Kathleen or Patricia and I.

Please feel free to contact me should need any further information.

Sincerely,

Sean J. Chapman

Good evening,

Okay, so the case number they assigned was: 71-29251735

Incident Description as I explained to them:

Occurred on the night of 01/19/2009 at approximately 8-9pm.

Kathleen noticed a small amount of smoke from under the hood while en route to Sonoma state. I told her to bring it to my house when she was out of school.

She brought it over where I inspected the vehicle by having Kathleen start the car as I looked into the engine compartment with the hood open.

As Kathleen started the vehicle, I noticed a small fire start from the middle of the engine compartment.

I immediately had her turn the vehicle off.

No report was made to police/fire/ems.

I contact service advisor Patrick mulligan on his personal cell to have the vehicle brought in to the shop for inspection.

The vehicle was brought to Victory Chevrolet in Petaluma on 01/20/2009.

I stated to that I did not know whether an insurance claim was submitted for this incident and that they would have to talk to you about that.

I noted a single occupant: Kathleen

Dear Mr. Chapman,

Thanks for the message.

In the e-mail I posted at claims@motorsliquidation.com, I do see the proof of claim form you filed. You have taken the necessary step to assert a claim in the Motors Liquidation Company (former General Motors) bankruptcy. Due to the sheer volume of claims, the complexity of claims, and deficiencies with the filed claims, it does take quite some time to process claims, and we thank you for your patience. Please expect more time to process claims at a minimum.

If you do not respond to the objection, your claim will be expunged from the records as though it had not been filed. If you want to respond to the objection, you must follow certain procedures.

The first couple of pages set out how to respond to the objection, as desired. Please see the instructions in the objection for further direction.

Regards,

Motors Liquidation Co

Hi,

We are seeking the status of the above mentioned claim. The claim is under the following name:

I am Sean Chapman, Patricia's husband. We filed a motor vehicle claim with GM Motors in the first bankruptcy our Chevrolet vehicle was involved in back some of our life time. Unfortunately, our claim is still not being processed. We are

It is a bit of a relief to receive numerous correspondence from the Motors Liquidation Company. We are still processing the claim and we are still waiting for the bankruptcy court to process the claim.

... provide us with distinct details re our claim and whether or not we

Dear Mr. Chapman,

Thanks for the message.

At this time, claims are being processed (due to the very large number of claims, complexity of claims, and deficiencies with the filed claims, it does take quite some time to process claims, and we thank you for your patience). Please expect more time to process claims at a minimum.

It is too early to tell how long the bankruptcy process may take or what amount of recovery creditors of Motors Liquidation Company will receive. Any distributions will be determined through the bankruptcy court process and will not occur until a plan of reorganization is submitted, accepted and implemented.

Feel free to contact us with further questions via email or at 1-800-414-9607.

Thank you,

Dear Mr. Chapman,

I have a claim under a Patricia Chapman with the address 1153 Outrigger Circle, Brentwood, CA 94513. Your claim number is 15821. We are processing this claim. Because of the size of the bankruptcy proceeding, it will take several more months to a year to resolve the claims in the bankruptcy proceeding.

Thank you for your patience,

Motors Liquidation Company

Dear Mr. Chapman,

I have a claim under a Patricia Chapman with the address 1153 Outrigger Circle, Brentwood, CA 94513. Your claim number is 15821. We are processing this claim. Because of the size of the bankruptcy proceeding, it will take several more months to a year to resolve the claims in the bankruptcy proceeding.

Thank you for your patience,

Motors Liquidation Company

Dear Mr. Chapman,

In response to your e-mail, when General Motors filed for bankruptcy on June 1, 2009, all claims filed before this date were required to file a Proof of Claim in the bankruptcy proceeding. There are specific procedures required in a bankruptcy proceeding, and the official bankruptcy Proof of Claim form was required. I cannot find a Proof of Claim for you. The deadline for filing a Proof of Claim was November 30, 2009. I have attached a Proof of Claim form if you would like to submit it (it will be the court's decision whether or not to accept a late filed Proof of Claim).

Feel free to contact us with further questions either by email or at 1-800-414-9607.

Patricia A Chapman  
1153 Outrigger Cir  
Brentwood, CA 94510-5444

Dear Patricia A Chapman:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect, which relates to motor vehicle safety, exists in certain 1999 model year Chevrolet Lumina vehicles equipped with a 3.8L V6 naturally aspirated engine. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

### IMPORTANT

- Your 1999 model year Chevrolet Lumina, VIN 2G1WN52K2X9111097, is involved in safety recall 09047.
- Schedule an appointment with your Chevrolet dealer.
- This service will be performed for you at **no charge**.

#### Why is your vehicle being recalled?

An underhood fire may be caused by drops of engine oil, from seepage or spillage, being deposited on the exhaust manifold through hard braking. If the manifold is hot enough, the oil may ignite into a small flame and, in some instances, the fire may spread to the plastic spark plug wire channel and beyond. If this occurs, there could be a fire in your vehicle and nearby property.

#### What will we do?

Your Chevrolet dealer will replace the spark plug wire channel with new spark plug wire retainers. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 15 minutes.

There are two very important precautions you should take before your vehicle is serviced:

- We strongly recommend you not park your vehicle in a garage, car port, or other structure.
- If you notice a burning odor, you should have your GM dealer inspect your vehicle immediately. The dealer will inspect your vehicle without charge.

100 Renaissance Center, P.O. Box 100, Detroit, MI 48265-1000

**What should  
you do?**

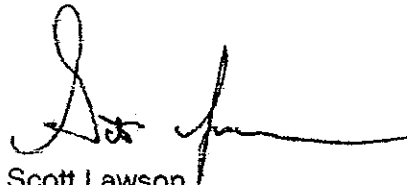

You should contact your Chevrolet dealer to arrange a service appointment as soon as possible.

**Do you have  
questions?**

If you have questions or concerns that your dealer is unable to resolve, please contact the Chevrolet Customer Assistance Center at 1.800.630.2438 (TTY 1.800.833.2438). More information about your vehicle can be found at the Owner Center at [www.gmownercenter.com](http://www.gmownercenter.com)

If after contacting your dealer and the Customer Assistance Center, you are still not satisfied we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.800.424.9153), or go to <http://www.safercar.gov>.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
